On the 12th of September, the Regt. again broke camp, and crossing the Rapidan, marched to Robinson's Creek, via Brandy Station, Culpepper and Cedar Mountain. Remaining there until the first of October, the Regt. returned to Culpepper and then to Centreville, participating in the engagements at Auburn Ford, and Brick Station, Oct. 14th.

This Regt. moved from camp near Petersburg, at 8 A. M., March 29th, crossing Hatch's Run. After the Division was in position, and the advance commenced, this Regt. was sent on the skirmish line.

March 30th, at about noon, the enemy's pickets were met and driven across the Boydton Plank Road. Here the Regt. was relieved from the skirmish line, and rejoined the Brigade.

April 1st, moved back to the works, where the morning before, we rested, and built breastworks perpendicular to these. There we remained until near sundown, when we were moved again to the works in front. Soon after, we were marched to the left, and continued the march until 4 A. M. of the 2nd inst., halting near Dinwiddie C. H. — At 7, A. M. we were moved to the right again about 3 miles, halted, formed a line, and rested. Soon the order Forward, double-quick, was given, and the troops crossed the enemy's main line of works at 10 A. M.

About noon, we found the enemy entrenched. We charged their works twice and were repulsed, the third time however, we succeeded in driving him and capturing many prisoners. The troops then moved on about a mile, and went into camp for the night.

April 2d, the Regt. and the rest of the Brigade marched to the vicinity of Lemon Grove Church and encamped for the night.

April 4th, the Regt. with the balance of the Brigade repaired roads to enable the wagon trains to pass. April 5th, we marched with the wagon train and joined the Division at sundown on the Richmond and Danville R. R. near Amelia Springs. On the morning of the 6th we moved out and soon found the enemy, but the troops of this command were not engaged until after noon, when we were moved in line of battle, charging the enemy wherever they would make a stand. About 5 P. M., we charged through a piece of woods, and came upon quite a large wagon train. The enemy had one piece of artillery in position, still further on, but succeeded in escaping with it. We moved on to the hill where
This space had been, and encamped for the night. There were no casualties in this command during the day.

April 7th, the Regt. was not engaged, although under a sharp artillery fire in the afternoon. No casualties during the day. The enemy were found to be strongly entrenched. At night we built breastworks and rested behind them until daylight.

April 8th the Regt. went on to the skirmish line and advanced as skirmishers during the day. Found none of the enemy except stragglers, until near sundown, when a few cavalrymen made their appearance. At 8, P. M., we were relieved from the skirmish line, rejoined the columns and marched about 4 miles and went into camp.

April 9th, 8. M. the Regt. was again in motion and moved slowly on until 10 p.m., when there seemed to be a halt, and we rested quietly along the road. Soon after it was announced that Gen. Lee had surrendered his entire command.
