WHOLE No. 2114

Conscription Act, unaided by such interposition of the property holders of the County; and
WHEREAS, It is men, and not money, that are the legitimate objects of the draft; therefore we hold it to be the part of true Patriotism for all our Loyal Citizens to use their exertions for the promotion of the objects sought to be advanced by the sentiments of the above resolutions.

Resolved, That the citizens here assembled, look forward with confidence and with proud anticipations to such action on the part of our public authorities, as shall lead to the adoption of the objects of these resolutions, and that while we expect that here and there the selfish and heartless, and a few of the wrong minded will oppose it, those objects we can confidently count on as a spontaneous overflowing of the great magnanimous heart and soul of the citizens of our County, high in the scale of self-sacrificing, manly patriotism, and develop such a character of regard for the poor whom "we have always with us," as shall be worthy of the historic renown of the County of Columbia.

Resolved, That Sherman Van Ness, David Rainey and John B. Longley be appointed a committee empowered to take all necessary measures to procure a meeting of the Board of Supervisors of the County of Columbia, and to take all further proper steps for the carrying out of the object of this meeting.

Meeting of Firemen.

At a meeting of the Fire Department of the city of Hudson, held at the House of Engine Co. No. 7, on the 5th of September, 1863, it was

Resolved, That the Firemen of the several Engine, Hook and Ladder, and Hose Companies in the city be and they are appointed a committee to draft a Petition and present the same to the Common Council of this city, asking that the Active Firemen of this city may be relieved from the operation of the draft, in the same manner that the Firemen of the cities of New York, Brooklyn, and other places have been relieved.

Said committee met on the 7th day of September, and passed the following preamble, petition and resolution:

WHEREAS, A Voluntary Fire Department is and has been by the public authorities of several of the largest cities in the State pronounced a public need and necessity;

WHEREAS, The duties of a Fireman are arduous and hazardous, but cheerfully rendered without compensation, with very little if any benefit to himself; and

WHEREAS, Other cities and villages in the State, in view of the pressing need of and valuable services rendered by the several Fire Departments of their respective localities, have taken measures to raise a fund to procure substitutes for to pay the exemption fee of the active Firemen; therefore, be it

Resolved, That the Common Council of the City of Hudson be, and they are respectfully petitioned and solicited to make the same, or a similar provision, for the purpose of exempting the active Firemen of this city from the operation of the draft, as New York, Greenburgh and other places have done.

Resolved, That E. A. Rosback present this petition to his Honor, Mayor Ten Broeck, and request that the Common Council may be specially convened to take action in regard to the matters herein set forth.

All of which is respectfully submitted.
