

The Provost Marshal.

Capt. THORNDIKE and his Assisants are busily at work. The Enrolling Officers appointed for the District have been supplied with the necessary blanks and have already commenced the task of enrolling those who are liable to perform military duty.

The Deputy Provost Marshals are not idle. The soldiers who have deserted after enlisting and receiving their liberal bounties, are being looked after, and already quite a number have been arrested and started back where it is their duty to go, to serve out the remainder of their time.

Soldiers who have been discharged for disability, and wish to remain in the service, can now have the opportunity, if they are able to do garrison duty. Bills, relating to the "Invalid Corps" will be issued in a day or two, and circulated throughout the District.

Everything looks as though preparations were being made for a "vigorous prosecution of the war."

The Assessment Rolls.

The blank Assessment Rolls for the current year are now ready for delivery at this office. Assessors and Supervisors will please send for them at once.

MALONE, THURSDAY, JULY 16, 1863.

THE DRAFT.

The first Draft for this Congressional District, under the Conscription Act of the last Congress, was made on the 13th and 14th inst., at the Provost Marshal's Office

in this Village. The Draft is for fifty per cent above the required quota—the excess being drawn to cover exempts under the law. The Draft for this District is 2757 men. The following is a list of those drawn in this County, in the numerical order in which the names were drawn.
