Military Notice.

Notice is also given that the Assessors of the Town of Little Falls have completed their Roll of all persons liable to be enrolled, according to the laws of the United States, for the present year, and that a copy thereof is with the undersigned, Henry M. Heath, at his dwelling house in said Town, where the same may be seen and examined by any of the inhabitants of said Town, during twenty days from the date of this Notice; and that the said Assessors will meet at Henry M. Heath's in said Town, on the 20th day of August next, at 9 o'clock in the forenoon, to review their enrollment, on the application of any person conceiving himself aggrieved.

JAMES SHARP,
HENRY M. HEATH,
FREDERICK STARBUCK,
Assessors.

Dated Little Falls, July 31st 1863.

It seems to us that, in making out and advertising an "enrollment" of persons liable to do military duty, our town assessors have clearly acted under a mistaken idea of their duties and powers. At least it is very certain that they can make no such roll "according to the laws of the United States," as their posted notices, of which the above is a copy, would indicate that they have attempted to do. Uncle Samuel has manifested an intention thusfar of conducting his affairs through his own officers in most localities and we can scarcely believe that the town of Little Falls will be found an exception.

But even under the State Militia Law of 1862, the assessors have nothing whatever to do with the enrollment. Our understanding of the statute is, in brief, as follows:—As often as at least once in two years all persons liable to Military duty are enrolled by the *Captain or Commandant* of the company district; of this enrollment four copies are made, one of which is retained by the officer, one filed in the town clerk's office, one in the county clerk's office and one in the adjutant general's office. After the list is completed, advertised and corrected, the persons not exempt are warned by public notice of the captain or commandant to assemble, "armed and equipped, for parade and inspection, on the first Monday of September of each year." Those who do not appear are subject to a fine of one dollar each, to be paid to the county treasurer, whose duty it also becomes to report the names of those who neglect to pay their fines to the Board of Supervisors; and by the Board the assessments are made and attached to the rolls of the respective towns. Under the old Militia law this assessment and notice above given would not have been out of place—under the present one it is evidently void and meaningless.

But more than all, in view of an amendment passed last winter, is this action of our Assessors of no effect or virtue. In consideration of the inconsistencies of the statute, after the adoption of several other amendments, the following section was added:

§ 9. The reserve militia shall not be required to assemble for parade and inspection on the first Monday of September next, as provided by section thirteen of said act; and the provisions of said act, so far as relates to the fines for neglect to attend the parade provided in said law for that day, and the collection of the same, are suspended for the year eighteen hundred and sixty-three.

By this it will be seen that we have virtually no militia law in force for the year 1863. There will be, of course, no enrollment, parade, assessment by the Board of Supervisors or liability on the part of those subject to military duty. The amendments passed last winter will appear in the next issue of the JOURNAL.

ILLION.—On Saturday, at 5 o'clock P. M., a meeting was held at the armory of E. Remington & Sons, at which all of the employes and many of the citizens of the village took the constitutional oath. John A. Rasbach was chosen Chairman, and William H. Thomas, Secretary of the meeting. It was unanimously agreed that the night watch should be increased to five times the usual number. In all, 120 names were appended for that purpose. Without distinction of party, all seemed willing to aid in protecting property so much needed at the present time.—All persons except the watch are forbidden to enter the grounds after sundown. To-morrow a splendid pole will be raised, and the stars and stripes will float to the breeze. Union flags and badges are becoming general, and all seem anxious for the welfare of our country.

SALISBURY.—The following articles have been forwarded by the ladies' Aid Society of Salisbury, to the Central Relief Association, 10 Cooper Union, New York:

Wooster and others will speak on the great interests at issue in the present conflict.

—The ladies of Little Falls, hearing that the soldiers in Albany were detained for want of shirts, sent a dispatch saying that as many as were wanted would be sent on twenty-four hours notice. The weaker sex of that village are strong in noble deeds.

—Clinton A. Moon, Esq., lately of Newport has removed to Herkimer and opened a law office.

—The Rector of Christ church (Episcopal) has been donated a very handsome national flag and it now floats over the church.

—There is some trouble in regard to the volunteers at Mohawk. At the election of officers held last week, Humphrey G. Root was chosen Captain, George Warnick, Jr., Lieutenant, Jacob Grants, Ensign, with the full compliment of Sergeants and Corporals. This result appears not to have been satisfactory, and a general explosion followed. The muster roll has been destroyed, and a bad state of affairs generally prevails. It is hoped the differences will be promptly settled.

—A meeting of the citizens of Herkimer was held at the Court House, on Saturday evening the 3d inst., to devise a plan for the relief of families of volunteers from that town. It was decided to raise the sum of \$2,000 on a note payable in one year, to be signed by as many persons as were willing to do so, with a stipulation that an effort shall be made to secure the passage of a law making a tax for that sum on the town or county, for its payment; failing which, the signers to become equally and jointly liable. A large number of signatures were obtained, and the money will be advanced by the Mohawk Valley Bank. Dean Burgess, Esq., was made Treasurer of the fund, and Hon. E. Gray and H. G. Crouch, along with the Treasurer were made the Executive Committee to see to its distribution. About fifty women and children are to be cared for.

ILION.—A spirited war meeting was held at Ilion on Thursday evening, which was addressed by the clergymen of the vicinity and others, and several recruits were secured for Col. Pierce's Mohawk regiment.

FAIRFIELD SEMINARY.—The rumor that Fairfield Seminary is about to close or suspend school is not correct. About fifteen young men have enlisted, and will doubtless go forward to the war. But this will not interrupt the school.—The Institution is in the midst of a very prosperous term, and though in common with others of the same sort it must sacrifice for the country, it is to continue with scarcely abated prosperity.

—The ladies of Herkimer have sent on for the use of the sick and wounded in our army hospitals: 50 shirts, 14 pair of drawers, 40 sheets, 6 dressing gowns, 29 pair of socks, 56 towels, 14 pair pillow cases, besides new handkerchiefs, palm-leaf fans, slippers, and a large quantity of scrap d lint and soft cloths. The ladies were engaged but a week in making and preparing these articles. They are now preparing a quantity of wines and jellies, to be sent on as soon as possible.

—The dwelling house of Mr. A. Biggs, in South Columbia, was destroyed by fire Monday morning, July 29th, together with a quantity of wheat, tools and his household furniture. A cheese house attached, containing the product of his dairy this season, was also consumed with its contents. His barns were saved by the exertion of neighbors. Loss about \$1,500; no insurance. The timber for a new dwelling has been put upon the ground already.

—A supposed poisoning case has created a great deal of excitement in the village of Fairfield for a few days. On the morning of the 2d inst., the entire family of Mr. E. O. Rice, together with two or three visitors who breakfasted there, were taken seriously ill. It would seem that all and only those who ate meat at the breakfast, were taken sick, and one died. Suspicion immediately rested upon the hired girl, who had not that morning taken breakfast with the family. An examination was had before Justice Green on Monday, but there not being evidence enough to point the crime upon her, she was discharged.

—Geo. J. Waterhouse, formerly a compositor in the office of the Little Falls Journal, but more recently a private in the Herkimer county volunteer regiment, was killed by the accidental discharge of a revolver, in the camp of his regiment, near Washington.

—The Herkimer Co. Journal tells this story of frightful brutality: A woman named Leigbe, some fifty years old, residing near the Gulf Bridge in Little Falls, was inhumanly beaten last Friday afternoon, receiving injuries from which she is not expected to recover. A drunken fellow, one John Mitchell, went into the house, and finding the old lady alone, from some reasons which have not yet fully transpired, commenced beating her with a hoe. She escaped from him, and crawled, screaming, under the bed. The

heartless wretch literally *hoed* her out again, and continued striking her till he supposed she was dead. He then left her, and going out, hung up a chicken by the leg in front of the door, the cries of which aroused the neighbors. The criminal was arrested on Sunday.

War Meeting at Starkville.

STARKVILLE, August 26, 1862.

To the Editor of the Mohawk Courier :

Stark is fully aroused, and will do her whole duty " at every hazard and every cost."

A war meeting of the right stamp convened at the house of E. Champion, in this village, this evening, pursuant to call of the War Committee of this town. The meeting was called to order by J. R. Hall, Esq., on whose motion C. T. E. Van Horn was elected Chairman, and on motion seconded, J. R. Hall was chosen Secretary, after which the President in a few pertinent remarks, introduced to the audience Gen. Prescott of Mohawk, who addressed the meeting at length in an eloquent and patriotic appeal in behalf of his country, illustrating in a clear and concise manner the position, wants and necessities of the government. At the conclusion of the address, notwithstanding the lateness of the hour, the meeting resolved to transact other business, and on motion of Mr. Shall, the Chair appointed the following gentlemen Committee on resolutions, &c., viz : Hon. D. Shall, Hon. George Springer, J. R. Hall, Alex. Smith and J. W. Norcross.

On motion it was unanimously resolved that there be raised the sum of four thousand five hundred dollars, by a direct tax levied upon the taxable property of the town of Stark, for the purpose of raising volunteers.

On motion of Mr. Palmer of Van Hornsville it was unanimously

Resolved, That we pay the sum of one hundred and fifty dollars as a town bounty to each and every person who shall hereafter enlist in the quota of volunteers to be supplied by the town of Stark, to fill the two last requisitions of the President, of 300,000 men each. The money to be paid immediately on the recruit's being mustered into the United States' service.

Mr. Shall, chairman of committee on resolutions, presented the following preamble and resolutions, which were adopted, viz :

Whereas, in times of great national danger it is imperatively necessary, that the people should unite in common defense of their civil rights and liberties: and whereas, there now exists in the Republic of these United States, ARMED REBELLION of the most atrocious character, against the legal authorities of the parent Government, seeking through the agency of civil war, to overthrow its CONSTITUTION and LAWS, and to subvert the most sacred rights of a free and happy people; therefore, be it

Resolved, That as loyal citizens of these Uni-

ted States, scouting the heresy of Secession, and believing not only in the right but in the obligation of the President to use the whole power of the Government to put down the rebellion and compel obedience to the laws.

Resolved, That in the judgement of this meeting, the people of this commonwealth are called upon to act promptly, and at once on the most vital question ever submitted to a free people and a candid world. The suppression of this Rebellion in the earliest possible manner and by the most summary means, is paramount, to every other consideration. The UNION must be saved at every hazard, cost what it may in blood and treasure and to this end we pledge our lives, our fortunes, and our sacred honor.

Resolved, That we esteem it our highest duty to God and our country to contribute without delay our money and our persons to aid the Government in the prosecution of the war forced upon us, by a set of diabolical conspirators, whose only object is to destroy the best government ever instituted among men.

Resolved, That the proceedings of this meeting be published in the Mohawk Courier, Mohawk Republican and other county papers.

C. T. E. VAN HORN, Chairman.

J. R. HALL, Secretary.

Our Town Bounty.

At an enthusiastic and large meeting held last Saturday evening, it was resolved to offer a Bounty of Three Hundred Dollars to every volunteer for this town's quota who will enlist under the last call for 300,000 men. Twenty-one thousand six hundred dollars are required to pay the bounty. The securities for that sum were divided up, \$12,600 being apportioned to the agricultural districts, and \$8,000 apportioned to this village. Yestaday the notes were all signed, the farmers, to a man, placing their names upon them when asked, and our citizens acting with equal promptness.

Now to the work! The Government needs the Regiment as soon as possible, and with proper exertion, it can be ready to march in less than a fortnight. The stirring news from our army, should kindle a blaze in this State, such as has at no previous time distinguished it.— We see the urgent necessity for action, let us be up and doing. The enemy are fighting with desperation and despair. They must conquer quickly or be crushed. We have them in mass, at a distance from their source of supplies; our boys, in number, about equal them. Let reinforcements be quickly sent to aid them, and Jackson's forces will be driven to the wall. Up young men,— the country calls you, glory awaits, and the blessings of this and future generations will be yours.

A SECOND EDITION!

We shall publish to-morrow morning, at seven o'clock, a SECOND EDITION of the JOURNAL, containing the names of those drafted from the towns not given this morning. These towns were not reached yesterday but will be taken up at 9 o'clock this morning. Extra papers can be procured of the various Postmasters.

HERKIMER COUNTY DRAFT.

PARTICULARS OF THE DRAWING.

The draft for the 20th Congressional District commenced at Watertown on Tuesday last contrary to our expectation the order of drawing was: Jefferson County first, Lewis next, and Herkimer last, and this fact is that which has caused a delay of one day in the appearance of this number.

THE FIRST DAY.

The morning train brought hundreds of visitors from Herkimer and Lewis County and from the southern part of Jefferson, who came to witness the ceremony of the Draft. The town was quiet. The tables occupy the centre of the office, upon one of which is the wheel, a small, clean, and unstained, rotary churn; with an opening, and lid on one side. It was turned by an iron crank in the presence of Inspectors chosen by the Provost Marshal.

At five minutes to ten precisely, Provost Marshal EMERSON, Commissioner POND, and Surgeon WALKER, made their appearance at the old County Clerk's office on Court St., followed by the Committee of principal citizens who had been designated to examine into the fairness and conduct of the drawing. At this time but a very small crowd had assembled and there was no appearance of any undue excitement. After making some preliminary arrangements the Provost Marshall read the order of the President and Provost Marshal General.— To Mr. P. MUNDAY was given the list of names enrolled in order that might be prop-

erly checked as drawn, and after being carefully counted were placed within the wheel.

The oath was then administered by the Marshal to Mr. WILBUR HOGAN, of Watertown, the blind man who had been chosen to draw the names, who was also carefully blindfolded.

Only two soldiers were in sight and these sat near the door with fixed bayonets and evidently not expecting any serious work for the day.

Mr. POND now announced that the draft would commence and the wheel was turned by the Marshal. Amid the deepest silence the first card was drawn and contained the name of WM. PEARSON. Three cheers were immediately given with a will, and when the name was announced as that of GEO. P. CLARK, much laughter and merriment was manifested and cheers given.

The crowd at this time in the street was very much increased, yet the most perfect order prevailed.

THE BOARD.

Throughout the entire drawings the labors of the Provost Marshal and Commissioner were most severe, every opportunity was afforded by them for the most careful investigation and the complete readiness in which everything was found greatly facilitated operations. In our acquaintance we have seen no two men who could have performed their duties more satisfactorily.

HERKIMER COUNTY.

On Thursday, about 11 o'clock, the drawing for Herkimer County was commenced. The representatives of the County were: E. D. Beckwith, of Columbia; Ed. Simms, Danube; L. L. Powell, B. H. Pomeroy, S. E. Coe, L. L. Merry, E. L. Partridge, J. C. Tower, German Flatts; A. H. Gray, Richard Wilson, Herkimer; Hiram Broat, John Platt, Manheim; James Hart, Oliver LaDue, Little Falls; Seymour C.
