REPORT OF THE ADJUTANT-GENERAL

ALBANY, *December 31, 1937*

His Excellency HERBERT H. LEHMAN, *Governor of New York, Albany, N. Y.*

SIR:—Pursuant to section 17 of the Military Law, I submit herewith my annual report concerning the administration of the Division of Military and Naval Affairs of the Executive Department for the year 1937.

For convenience in reference the report is presented in sections dealing with the activities of the various bureaus of the Division.

Executive

Strength.—The strength of the active military and naval forces of the State on this date is as follows:

	Officers	Warrant Officers	Enlisted Men
National Guard	1,432	21	18,439
Naval Militia	143	1,771

A detailed report of strength of all components is included under the report of the activities of the Personnel Bureau.

Data on Reports of The Adjutant General prior to 1857.—As the earliest report of The Adjutant General on file at this office is that covering the year 1857, I have caused a search to be made through Legislative Documents of the State at the New York State Library for the purpose of compiling a list showing the exact location in such documents of earlier reports of The Adjutant General. The results are shown in Appendix "D" of this report.

It should be noted that although the first The Adjutant General, Nicholas Fish, was appointed on April 13, 1784, the first record of any report of The Adjutant General is that of Solomon Van Rensselaer covering the year 1801. There is no mention in the Governor's messages or in the individual journals of the Senate or Assembly covering the years from 1784 to 1800 of the activities of The Adjutant General.

In addition to giving the location of the reports of The Adjutant General the Appendix also shows the strength of the militia of the State for the period from 1801 to 1856; the location of the reports of the Commissioner of Military Stores for the period from 1802

to 1856 and a table showing moneys expended for the militia and defense of the State for the period from 1789 to 1856 compiled from reports of the State Treasurer and the State Comptroller rendered during that period.

Preparation of New York Guard.—In these times of international unrest it is well to give some thought to the preparation of the "New York Guard" for State service in event the National Guard is called into United States service. As Your Excellency knows, Section 40 of the Military Law of the State of New York provides "Whenever the National Guard shall be drafted or called into the service of the United States to the extent of not less than seventy-five per centum thereof, the New York Guard shall be organized for active duty and shall be continued during the absence of the National Guard. * * *".

If it were necessary to organize the New York Guard at this time the matter of equipment, which would have to be supplied by the State, would present quite a problem. While uniforms could no doubt be supplied within a reasonable length of time procurement of ordnance would be another matter. With the Federal government having priority in the matter of military equipment the prospect of obtaining suitable rifles, pistols, etc., as well as ammunition in suitable time for use of the New York Guard would be very doubtful. To obviate the uncertainty it is believed that some thought should be given to the procurement of part of this equipment at this time for storage at the State Arsenal. It is estimated that approximately 6,000 rifles would be required and about 500 pistols. Ammunition could be purchased on an annual increment basis, say \$5,000 worth each year. To insure a fresh supply of ammunition being on hand at all times, each year, that which was purchased four years previous could be used by the National Guard for small arms practice provided the New York Guard is not organized in the interim. Rifles and pistols could be stored in their cases in cosmoline at the Arsenal without danger of deterioration, and would require no care thereafter until brought into use.

Officers with United States service.—Of the 1,432 officers of the active National Guard in this State 603 or approximately 42 per cent have had United States service either in the Regular Army or in recent wars in which the United States was involved. Compared with data shown in the 1927 Report of The Adjutant General when 67 per cent of the officer personnel are shown to have had United States service this indicates a loss of 25 per cent of such officers over a period of ten years. Other comparative figures are as follows:

Service in:	1937	1927
World War, 1917-1919	501	749
Mexican Border, 1916-1917	195	333
Spanish-American War, 1898-1899	4	31
Regular Army	82	52

Of the above one (1) had combined Spanish-American, Mexican Border and World War service as compared to 12 in 1927 and 179 have had combined Mexican Border and World War service as compared to 291 in 1927.

Of the 143 officers of the active Naval Militia in this State 51 or approximately 35 per cent have had United States service either in the Regular Navy or in recent wars in which the United States was involved. Compared to data shown in the 1927 Report of The Adjutant General when 91 per cent of the officer personnel are shown to have had United States service this indicates a loss of 56 per cent of such officers over a period of ten years. Other comparative figures are as follows:

Service in:	1937	1927
World War, 1917-1919	38	106
Spanish-American War, 1898-1899	3	4
Regular Navy	8	29
Regular Marine Corps	2	6

Federal appropriations.—During the fiscal year 1937, there was appropriated by the War Department the sum of \$3,420,649.05 for the general operation and maintenance of the New York National Guard. In addition to this sum there was allocated during the calendar year, 1937, by the Federal government for Federal projects the sum of \$148,468.30 for construction and repair of National Guard installations on camp sites to be undertaken by the Works Progress Administration under the direction of the State Administrator and the District Directors thereof plus the sum of \$67,946.87 for State sponsored projects toward which the State of New York contributed the additional sum of \$17,008.90 as sponsor. A complete record of the disposition of these funds will be found under the reports of the Bureaus of Equipment and Supply and Grounds and Structures herein.

Duty in Aid of Civil Authority.—During the year no labor or other disturbances developed to proportions warranting the use of any part of the military or naval forces of the State in aid of civil authority.

National Guard Activity.—Activities of the National Guard are covered in the annual report of the Commanding General, National Guard, attached hereto as Appendix A.

Naval Militia Activity.—The activities of the Naval Militia are covered in the annual report of the Commanding Officer, New York Naval Militia, attached hereto as Appendix B.

Small Arms Matches.—A complete report on the results of small arms matches conducted by or participated in by personnel of the National Guard and Naval Militia will be found in the report of the State Ordnance Officer attached hereto as Appendix C.

United States Military Academy Candidates.—This office annually conducts a competitive examination for candidates from the National Guard of this State for the privilege of taking the com-

petitive entrance examination for cadetship at the United States Military Academy at West Point, New York. Candidates to be eligible must be between the ages of 19 and 22 years, enlisted men of a federally recognized unit of the National Guard who have served therein not less than one (1) year prior to date of entrance to the Academy. The examinations this year were conducted November 5 and 6 at Albany, Buffalo and New York City, for entrance to the Academy July 1, 1938. Eight (8) vacancies were allotted to the State of New York and as a result of these examinations Your Excellency nominated the eight (8) having the highest average of proficiency. Twenty-four (24) candidates participated in these examinations. It is hoped that prior to the entrance examination to be conducted in March, 1938, for entrance to the Academy in July 1938 that additional vacancies will be allotted to the State of New York as requested by Your Excellency in a letter to The Adjutant General of the Army. The practice of allotting cadetships to soldiers of the National Guard was authorized by Congress May 4, 1916.

Changes in Personnel.—Captain William H. Boughton, Infantry, 105th Infantry, New York National Guard, was appointed an assistant in the Personnel Bureau April 1, 1937 vice Lt. Commander William H. Ferguson, Retired List, who retired from duty at this office March 31, 1937.

Hines Attendance Trophy.—The Colonel Frank H. Hines Attendance Trophy (National Guard) was again won by the 212th Coast Artillery, (Anti-Aircraft) for attaining the highest percentage of attendance during the training year. The percentage was 97.22. For percentages attained by other organizations of the National Guard reference is made to General Orders No. 15, Headquarters, New York National Guard, dated December 9, 1937.

Bureau Reports.—Following are the reports of the various Bureaus of this Division for the year ending December 31, 1937:

Finance Bureau

Following is a statement of financial operations for the fiscal year ending June 30, 1937, including State appropriations for the general expenses of the military and naval establishment, expenses for armory maintenance and Federal funds allocated and expended during the same period:

BUREAU OF EQUIPMENT AND SUPPLY

Motor vehicles have continued to be furnished the National Guard in small shipments over the past year. It is the announced intention of the National Guard Bureau to continue the shipments until complete motorization as prescribed in regulations is accomplished.

Summer uniforms of bombay cloth have been authorized for issue. A few of our organizations have been furnished with the breeches of this new type. The blouses are not yet ready for issue. A very desirable and important change in uniform regulations authorizes the issue and wear of trousers by enlisted men at drill. We are advised that contracts have been let for the manufacture of the trousers and requisitions, therefore, are in course of preparation.

During the calendar year 1937, the work under the W.P.A. supplementary project for \$88,550.00 was completed. It included the removal of the pivoted factory type of sash on the second and sixth floors, and the installation of double hung metal fire retardant windows. The existing roofing material was removed and an entirely new roof was completed. The work also included the rebuilding of one new tank house, the installation (labor only) of a new scale on the loading platform, and completion of all tile and marble work, carpentry, plastering, plumbing and painting, and complete refinishing of Commanding Officer's quarters.

A report of W.P.A. work at the various camps, together with maintenance and repair work authorized by the National Guard Bureau is forwarded as inclosure herewith. There is also enclosed detailed statement of disbursements by the U. S. Property & Disbursing Officer under National Guard Bureau appropriations for the fiscal year 1937.

During the calendar year 1937 the following construction work was undertaken by the Works Progress Administration, under the direction of the State Administrator and the District Directors of the W.P.A.:

	<i>Cost</i>
<i>Camp Smith</i>	
Rebuilding of the 200 yd. Rifle Range, to include the butts and backstops for 52 Targets; removal of the rock back stop and replacement with an earth backstop. The work is being completed under a supplementary project and is now 85% complete	\$40,013 50
<i>Pine Camp</i>	
Construction of 126 concrete Tent Floors and erection of tent frames on these floors have been completed. Painting of exterior of all buildings and interior of latrines is partially completed. A supplementary project has been submitted to complete the painting project.....	24,366 80
Work is in progress on the rebuilding of the present main runway of the aviation field (150 ft. x 2400 ft.) and completion of the existing cross runway (100 ft. x 1,200 ft.)..	84,088 00
	\$148,468 30

National Guard Bureau funds were allocated and disbursed for new equipment as follows:

Camp Smith

Installation of a chlorinator for the sewage disposal plant..	\$1,060 00
---	------------

Pine Camp

Installation of a complete, self-contained, automatic refrigerating unit in the central storage plant.....	1,523 00
	\$2,583 00

National Guard Bureau funds were also allocated and disbursed for the following:

Oneonta

Completion of the field rifle range at Otego, N. Y., used by Company "G" 10th Infantry.....	\$573 00
---	----------

Annual maintenance and repair of camp sites was provided by National Guard Bureau funds, disbursed as follows:

Camp Smith

Repairs on buildings, ice boxes, electrical installations and incinerator; cleaning of filter bed; repairs to target ranges and equipment.....	\$1,081 34
--	------------

Bureau of Grounds and Structures**NEW ARMORY CONSTRUCTION**

After a very comprehensive and complete study, replacement of heating systems, new armories or reconstruction of old armories are required in the following priority:

Albany Infantry (new heating system).....	\$66,000 00
Buffalo, 174th Infantry (new heating system).....	72,000 00
Brooklyn, 106th Infantry (addition to heating system).....	60,000 00
Syracuse Field Artillery (new).....	325,000 00
Utica Infantry (additions and reconstruction).....	275,000 00
Mount Vernon Field Artillery (new).....	300,000 00
Auburn (new).....	400,000 00
Poughkeepsie Field Artillery (new).....	300,000 00
Geneseo (administration building).....	100,000 00
Dunkirk Naval Militia (new).....	250,000 00
Ossining Naval Militia (new).....	250,000 00
Rome (new).....	150,000 00
Buffalo Naval Militia (new).....	300,000 00
Yonkers (addition).....	50,000 00
Albany Cavalry (addition).....	50,000 00
Rochester Infantry (addition).....	150,000 00
Niagara Falls (addition).....	150,000 00
Middletown (addition).....	150,000 00

Explanation

Details with respect to requirements indicated above, are as follows:

Albany Infantry.—Present system inadequate to properly heat the building. Estimated cost \$66,000.

Buffalo, 174th Infantry.—Present system inadequate to properly heat the building. Estimated cost \$72,000.

Brooklyn, 106th Infantry.—Present system inadequate to properly heat the building. Estimated cost \$60,000.

Syracuse Field Artillery.—Present structure rented and is inadequate and unsuited for the training of field artillery and does not provide the necessary protection to Federal and State property against fire and theft. A modern armory should be built for this unit at a cost of \$325,000, plus cost to the county for land.

Utica Infantry.—Present structure built in 1894 (is 43 years old). Originally built to accommodate two infantry units. At present occupied by battalion headquarters and three infantry units. It is estimated that additions could be made to this armory which would provide adequate quarters at a cost of \$275,000, plus cost to the county for land.

Mount Vernon Field Artillery.—Present structure built in 1898 (is 39 years old). Originally built for one infantry unit. At present occupied by a battery of field artillery. Is the smallest armory and entirely inadequate for present day requirements. A new armory should be provided at a cost of \$300,000.

Auburn.—Present structure built in 1873 (is 64 years old). Originally built for an infantry unit. At present occupied by three infantry units. A new armory should be provided at a cost of \$400,000, plus cost to the county for land.

Poughkeepsie Field Artillery.—Present structure built in 1891 (is 46 years old). Originally built for one infantry unit. At present occupied by two units of field artillery. A new armory should be provided at a cost of \$300,000.

Geneseo.—Troop I, 121st Cavalry, is now occupying a converted farm house which is entirely inadequate for the training of the personnel. A modern fireproof administration building should be provided at a cost of \$100,000.

Dunkirk Naval Militia.—A separate division of the Naval Militia is occupying rented quarters which are not adequate for the proper training of the personnel. A modern armory should be provided at a cost of \$250,000, plus cost to the county for land.

Ossining Naval Militia.—A separate division of the Naval Militia is occupying rented quarters which are not adequate for the proper training of the personnel. A modern armory should be provided at a cost of \$250,000, plus cost to the county for land.

Rome.—Present structure rented and inadequate, unsuited for proper training of a medical unit and does not provide the necessary protection to Federal property against fire and theft. A new armory should be provided at a cost of \$150,000.

Buffalo Naval Militia.—The 9th Battalion, Naval Militia, is at present occupying quarters in the armory of the 174th Infantry. This building is overcrowded and a new armory should be provided at a cost of approximately \$300,000.

Yonkers.—This armory was originally constructed to house one infantry unit. At present occupied by three units of Special Troops. An addition to the administration building should be provided at a cost of \$50,000.

Albany Cavalry.—An addition, at a cost of \$50,000, should be made to this armory in order to provide quarters for Brigade Headquarters and also to provide storage space for motor vehicles.

Rochester Infantry.—An addition, at a cost of \$150,000, should be provided for this armory in order to properly house the units therein stationed.

Niagara Falls.—An addition to this armory is necessary in order to properly house the units therein stationed. It is estimated this addition could be built for \$150,000.

Middletown.—Present structure built in 1890 (is 47 years old). Originally built for one infantry unit, now occupied by a battery of field artillery. An addition to this armory should be provided at a cost of \$150,000.

Appropriations made by the Legislature for 1937, for armories, etc.:

ARMORY MAINTENANCE FUNDS

The statutory requirements of Chapter 558, Laws of 1913, under which all counties of the State outside of the city of New York are divided into two brigade districts, and the cost of renting, repairing, equipping, furnishing, and maintaining armories outside the city of New York, is apportioned by the Adjutant General among such counties according to the aggregate amount of assessments for each county within the brigade districts as fixed by the State Board of Equalization and resulted in the payment by these counties into the State treasury for the maintenance of armories in each of the brigade districts, of the following sums for the above purposes for the fiscal year beginning July 1, 1938 and ending June 30, 1939.

THIRD BRIGADE DISTRICT

County	Amount
Albany	\$38,713 21
Broome	20,366 74
Clinton	3,804 00
Columbia	5,821 45
Delaware	4,523 39
Dutchess	16,738 65
Essex	4,322 40
Franklin	5,181 77
Fulton	5,469 04
Greene	3,383 59
Hamilton	2,094 21
Herkimer	8,747 64
Jefferson	10,374 23
Lewis	2,625 44

County	Amount
Montgomery	\$7,624 34
Nassau	103,177 83
Oneida	27,238 02
Orange	18,862 44
Otsego	5,705 13
Putnam	4,594 90
Rensselaer	13,955 96
Rockland	10,180 29
St. Lawrence	9,150 76
Saratoga	10,315 02
Schenectady	20,641 26
Schoharie	2,214 63
Suffolk	55,834 31
Sullivan	7,556 78
Ulster	11,333 28
Warren	6,334 43
Washington	3,898 47
Westchester	185,929 57
Total	<u>\$636,713 18</u>

FOURTH BRIGADE DISTRICT

County	Amount
Allegany	\$7,752 13
Cattaraugus	12,798 87
Cayuga	10,841 91
Chautauqua	24,680 18
Chemung	13,182 13

Total armories 102.

Total number of armories leased for subdivisions of the National Guard and Naval Militia unable to secure accommodations in the foregoing is 5.

The active military establishment of the State is housed in the 87 buildings indicated above.

Storage facilities are provided at the United States Naval Reservation, Sackets Harbor, for material of the 13th Fleet Division, Naval Militia, and at Utica for units of the 10th Infantry.

ARSENALS, ETC.

Arsenals, camp grounds and rifle ranges, owned by the State, are as follows:

Brooklyn.—State Arsenal, erected 1926. Used by the Adjutant General of the State as an arsenal and storeroom. Approximate valuation \$1,000,000. Floor surface, 166,000 square feet.

Peekskill.—State Camp Ground and Rifle Range. For use of infantry and such other troops as may be designated. Approxi-

mate valuation of land and buildings \$235,000. Approximate area 1,886 acres. One hundred and eighty-seven targets.

Rensselaer.—Rensselaerwyck Rifle Range. For the use of troops stationed at Albany, Cohoes, Troy, and such other troops as may be designated. Approximate valuation \$25,000. Approximate area 46 acres. Thirty targets.

Chapter 821, Laws of 1937, authorized the transfer of this property to the City of Rensselaer upon resolution of acceptance by the Common Council of said city. This resolution has not been received as yet. The property has been dismantled and its use as a rifle range discontinued.

Buffalo.—Kenilworth Pistol Range. For the use of troops stationed at Buffalo. Approximate valuation \$25,000.

In addition to the above, camp grounds are provided in the State for cavalry, artillery, and air service on Federal reservations at Great Bend, Oswego, and Fishers Island.

RIFLE RANGES

Field Rifle Ranges for the use of troops of the National Guard and Naval Militia are leased by the Federal government as follows:

STATION OF TROOP	Annual rental	Location	Number of targets	Ranges (yds.)
Amsterdam.....	\$200 00	Town of Mohawk.....	3	200 to 800
Auburn.....	150 00	Town of Throop.....	3	200 to 600

Landing Field.—A landing field for Air Corps of the National Guard is leased by the Federal government at Fulton, N. Y., at an annual rental of \$250.

Total leased rifle ranges, 21.

Total floor space of all buildings, exclusive of structures at camps and rifle ranges is 6,576,030 square feet.

The approximate valuation of military grounds and structures owned by the State and city of New York is \$39,153,893.

During the past year this office received very hearty cooperation from the Works Progress Administration and received Federal funds in the sum of \$58,586.87 for which grants we contributed as sponsor of the projects the sum of \$12,108.90 which was paid from appropriations for repairs, etc. to armories in the Third and Fourth Brigade Districts which moneys were assessed and collected from the counties comprising these districts.

Projects totaling \$89,303.62 Federal funds and calling for similar contribution in the sum of \$14,456.02 on our part were submitted to the W.P.A. but up to the present time have not been approved.

The projects mentioned above are shown in detail in the following tables and do not include Federal contribution to city of New York.

In addition to the above this office was enabled to have the service of two estimators and three stenographers who assisted in a very marked degree in getting out the necessary drawings, specifications and the quantity of details in connection with the construction and repair program of this office. The employees who came from the above source are conscientious and efficient.

Projects approved by the W.P.A. are as follows:

PROJECT	Character of work	Federal funds	Sponsor's contribution	Total
State Arsenal, 64th Street and 2nd Ave., Brooklyn, Kings County.	Preparation of plans, specifications and estimates for construction and improvements in and to Training Camps of the N. Y. N. G.	\$*9,360 00	\$4,900 00	\$14,260 00
Troop B, Cavalry Armory, New Scotland Ave., Albany, Albany County.	Washing and painting administration portion of building, construction of officers' saddle room, reconstruction of second story brigade toilet room, etc.	8,805 00	2,395 00	11,200 00
Field Artillery Armory, Kiersted Lane, Kingston, Ulster County.	Cutting through exterior brick walls of gun shed, shoring and underpinning, etc.	855.20	311.00	1,166 20
Field Artillery Armory, Kiersted Lane, Kingston, Ulster County.	Painting walls, ceilings and floors in the Administration Bldg., stable group, riding hall and bleachers.	2,962 20	2,962 20
Infantry Armory Cedar Street, Oneida, Madison County.	Painting interior of Armory.	1,478 40	509 10	1,987 50
Infantry Armory, Ogdensburg, St. Lawrence County.	Cleaning and painting the interior walls, varnishing ceilings and interior trim and painting cement floors.	2,389 80	2,389 80
Infantry Armory, Elmira, Chemung County.	Removing wood flooring in drill hall and replacing with new wood flooring and work incidental thereto.	1,285 90	330 00	1,615 90
Troop "B," Cavalry Armory, New Scotland Ave., Albany, Albany County.	Continuation of project for washing and painting entire interior of drill hall including steel trusses, the painting of walls and ceilings of new addition, etc.	5,412 40	300 00	5,712 40
Infantry Armory, Ogdensburg, St. Lawrence County.	Remove varnish on wood trim of halls and officers' quarter including main staircase, re-finish drill hall floor; exterior painting of wood and metal work, etc.	3,919 17	1,047 00	4,966 17
Infantry Armory, Washington Ave. and Lark Street, Albany, Albany County.	New concrete floors, new steel ceilings in basement. Reconstruction of rifle and machine gun ranges in basement. Remove concrete walks, excavate and waterproof, etc.	24,924 33	5,961 80	30,886 13
Field Artillery Armory, Mount Vernon, Westchester County.	Exterior painting of building including brickwork and fence; interior washing and painting of ground story rooms and officers' quarters, etc.	6,554 47	1,255 00	7,809 47
		\$58,586 87	\$12,108 90	\$70,695 77

* State Arsenal not included in above total.

The following projects were submitted to the W. P. A. but to date no approval or disapproval has been received :

PROJECT	Character of work	Federal funds	Sponsor's contribution	Total
State Armory, First and Mohawk Sts., Oswego, Oswego County.	Exterior masonry pointing, caulking exterior windows and doors, exterior and interior painting, varnish removal and varnishing, etc.	\$11,007 60	\$2,260 40	\$13,268 00
Office Project, State Capitol, The Adjutant General's Office, Albany, Albany County.	Revising filing system, classifying, repairing and sorting drawings and tracings of armories and camps in the State. Making tracings or layouts from blue prints, etc.	5,400 00	2,992 40	8,392 40
Naval Militia Armory, Foot Porter Avenue, Buffalo, Erie County.	Continuation of project to extend wall beyond limits of above and to paint the exterior of Boat House.	13,477 50	810 00	14,287 50
Field Artillery Armory, Kiersted Lane, Kingston, Ulster County.	Cleaning, sanding and painting (2 coat work) exterior wood and metal work of entire exterior of building. Painting exterior structural steel work of garage, material storage rooms, etc.	8,970 00	1,952 00	10,922 00
10th Infantry Armory, 195 Washington Ave., Albany, Albany County.	To continue work begun under original project. New wood flooring in drill hall, etc.	29,182 00	29,182 00
State Armory, West End Avenue, Binghamton, Broome County.	Preparing masonry walls and ceilings for painting, sizing and painting interior walls and refinishing certain interior trim.	8,965 40	2,639 25	11,604 65
Troop "B," Cavalry Armory, New Scotland Avenue, Albany, Albany County.	Improvement of cavalry drill field in rear of armory. Waterproofing exterior walls of n. e. corner of building. Pointing and repairing exterior masonry work of entire bldg., etc.	12,301 12	3,801 97	16,103 09
		\$89,303 62	\$14,456 02	\$103,759 64

Personnel Bureau

The functions of the Personnel Bureau are those outlined in the report of the activities of this bureau for 1935.

Additional data regarding turnover in National Guard Personnel.—In the report of this Bureau for 1936 there was included some statistical information regarding the number of enlistments and reenlistments in the New York National Guard during a period of one year. During the calendar year ending December 31, 1937 a record was maintained of enlisted men of the New York National Guard separated from the service by causes other than for expiration of term of service as follows:

Honorably Discharged—	Cause of Separation	Number of Men
	On account of having reached the age of 64 years.....	3
	On account of physical disability.....	62
	To accept a commission in the New York National Guard..	119
	On account of change of residence to a place where no organization of the National Guard is stationed.....	1,271
	To enlist in the Army, Navy or Marine Corps of the United States	345
	For minority. (So anxious to join the National Guard they misstated their ages the truth of which was made known by their parents and others after completion of enlistment.)	18
	Other causes, such as expiration of first or second year of a three year reenlistment period and because of inadaptability classed as for convenience of the government.....	851
Discharged—(Not honorable)		
	On account of fraudulent enlistment.....	2
	Inaptness and misconduct.....	22
	Because convicted of a felony or imprisoned under sentence of a court in a reformatory, jail or penitentiary.....	31
Dishonorably Discharged—		
	By Special Court-Martial.....	1
Dropped for Desertion—		
	(Note: 66 of these were restored to an honorable duty status)	330
Miscellaneous, not included in above.....		6
By death		24
Total separations		3,085

During this same period 1,151 enlisted men of the active New York National Guard were transferred on their own requests to the Inactive National Guard and reassigned in an inactive status to the units from which transferred. Of this number 167 were later restored to an active status on their own requests.

Changes in Military Staff of the Governor.—During the year the Military Staff of the Governor, as designated in General Orders No. 1, this office, dated January 1, 1937, was altered as follows: Lt. Colonel Alexander L. Gillig, 174th Infantry, New York National Guard, was transferred to the Inactive National Guard on July 8, 1937 and was relieved as Aide on that date. Colonel Edward H. Teall, Infantry, Reserve List, died on September 9, 1937. No replacements have been made to date.

Changes in Organization of the National Guard.—Pursuant to General Orders No. 6, this office, dated April 23, 1937 the various batteries of the 245th Coast Artillery were reassigned to armaments as indicated therein. Pursuant to General Orders No. 7, this office, dated April 24, 1937, the station of the Headquarters, 1st Battalion, 104th Field Artillery, was changed from Binghamton to State Armory, 1140 S. Salina St., Syracuse, New York.

Field Training Orders.—The dates and places for field training of the National Guard are as shown in General Orders No. 8, this office, dated April 30, 1937. That for the Naval Militia as directed in General Orders No. 4, this office, dated March 1, 1937.

Army Service Schools.—A report on the officers and enlisted men of the New York National Guard who attended Army Service Schools during the year 1937 is given in paragraph 9 of the report of the Commanding General, New York National Guard, included herein as Appendix "A".

Enlisted Men with Dependents.—Married men, or persons having others dependent upon them for support, which last year at this time represented about twenty-three per centum (23%) of the entire active enlisted strength of the National Guard has been reduced during the year to 3,841 persons or approximately twenty per centum (20%). It is expected that this figure will be further reduced in 1938. In consideration of the fact that many musicians are of or past middle age and therefore have wives or others dependent upon them for support it was considered expedient to permit the Bands of Cavalry Regiments and the Headquarters and Service units of other regiments having as an integral part thereof a band to have upward to fifty per centum (50%) of enlisted men with dependents and orders were so issued. The Headquarters Detachment, 27th Division and the Headquarters Detachment, Brigade Headquarters, Coast Artillery Corps, New York National Guard were extended a like privilege for similar reasons. Restrictions were also lifted in this respect on personnel of the Enlisted Detachment, State Staff Corps and Department, many of which are in the employ of the State and in event of an emergency calling the National Guard into United States service would in all probability remain on duty within the State.

Awards of Decorations

Medals for Valor.—No Medals for Valor were awarded during the year 1937.

Conspicuous Service Cross.—Under the provisions of Section 247, Military Law, twenty-one (21) Conspicuous Service Crosses were awarded to various applicants during the year 1937.

Long and Faithful Service.—During the year 1937, 565 Decorations for Long and Faithful Service were awarded to various applicants divided into the following classes:

Special Class (35 years of service).....	2
First Class (25 years of service).....	19
Second Class (20 years of service).....	27
Third Class (15 years of service).....	252
Fourth Class (10 years of service).....	265

Due to increasing demands for this medal the appropriation of \$5,000 is inadequate to take care of requirements. The sum of \$5,000 which became available for the purchase of Long Service Decorations on July 1, 1937 was completely consumed in a little over one month and there are at this time 344 applications on file awaiting the July 1, 1938 appropriation which represent

\$4,543.60 of such appropriation. It is therefore urgently requested that favorable action be given our request for an increase of \$3,000 for the purchase of this decoration.

Bureau of War Records

The activities of this bureau are those described in the report of this bureau for the year 1936.

The bureau is still engaged in the additional undertaking of compiling World War records by counties. The work has been completed up to the letter S.

Bureau of World War Records

Under constitutional authority a bonus for New York Veterans of the World War was provided pursuant to chapter 19, Laws of 1924. The sum of \$45,000,000 was realized from the sale of bonds authorized by law, this sum having been augmented by premiums amounting to \$659,565, the latter sum also being appropriated for bonus purposes under chapter 208, Laws of 1925.

A Commission, consisting of the Adjutant General, the Comptroller, the Treasurer and the Attorney-General, administered the disbursement until April 22, 1926 when its functions were absorbed by The Adjutant General.

Each eligible veteran, upon application, received the sum of \$10 for each month of service with the colors, between April 6, 1917 and November 11, 1918, with \$150 as the maximum payment.

Under chapter 209, Laws of 1925, an additional appropriation of \$2,500,000 was made. Chapter 26, Laws of 1925, added the next of kin to those who were killed or died in the service or prior to February 28, 1924, as eligible to receive the bonus. Under chapter 267, Laws of 1926, a further appropriation of \$300,000 was approved. Chapter 676, Laws of 1931, extended the time for filing claims to July 1, 1932 and made an appropriation of \$250,000. At an extraordinary session of the Legislature in 1931 to carry out the provisions of an act creating a temporary emergency relief administration, the sum of \$584,000 was appropriated by chapter 799 for the payment of bonuses, \$30,000 of which was made available for administration expenses. Under chapter 120, Laws of 1933, an additional appropriation of \$90,000 was made for bonus payments and \$25,000 for administrative expenses. The unexpended balances of these appropriations were reappropriated each year by the Legislature and were made available in the Executive Budget of 1936, Chapter 15, Laws of 1936. This chapter amended by a substitute bill chapter 360, Laws of 1936, eliminated these reappropriations and refunded the unexpended balances amounting to \$72,824.92 to the General Fund. By chapter 875, Laws of 1936, \$10,000 of this refunded amount was reappropriated and made available for one year beginning July 1, 1936. This action of the Legislature automatically closed the Bureau on June 30, 1937, and suspended the payment of bonuses on that date. Chapter 40, Laws of 1937, reappropriated \$200 of the unexpended balance of the appropriation made by chapter 875, Laws of 1936, for incurred liabilities and created the Bureau of World War Records to take over the records of the Bonus Bureau. During the operation of the Bureau there has been appropriated for bonus purposes \$49,418,565 out of which there has been paid in bonuses and administrative costs the sum of \$49,345,740.08 and in a refund to the General Fund \$72,824.92.

Under the original law no claims could be received after May 1, 1927. The Bureau reopened April 23, 1931 and closed for the receipt of applications July 1, 1932, during which period 10,135 new claims were received.

The total claims received was 427,799 or 82% of the 518,864 veterans credited to the State. Of the number received 9,229 or .0215% were rejected as not entitled to the bonus. There are still 4,941 or .0115% of the claims received awaiting action by the Bureau due to the delay of the veteran in supplying required data. Of the total received 413,629 or 96% were paid at an average cost of \$1.85 per claim. Of the total veterans entitled to make application 91,065 or 18% failed to make a claim although 10,161 of this number applied for blanks. Their request however, had to be denied owing to the fact that they applied after the time limit, July 1, 1932. The average payment per claim was \$117.23 or 78% of the maximum amount allowed, \$150.00. Of the total claims received 25,257 applicants were not credited by the authorities in Washington as having enlisted from the State of New York.

Of the claims awaiting action there are being received from time to time letters from the applicants supplying sufficient data to warrant the payment of these applications. During the past year nine of these applications in the amount of \$1,111.33 have been approved for payment. These claims have been segregated and it is the intention of the Bureau to ask the Legislature for an appropriation sufficient to pay them.

During the operation of the Bureau many activities developed other than the payment of the bonus. Being an office of record constant inquiries are being received from governmental, civic and veteran agencies and private sources relative to pertinent information regarding the service of veterans and certified copies of papers submitted with bonus applications for use in furthering claims for compensation, benefits and for other and varied purposes. From experience with the records of the Civil and Spanish wars, which are still active, undoubtedly the records of this Bureau will remain in demand for some time to come.

Veterans and Soldiers Affairs

PENSIONS AND CLAIMS

Blind Veterans' Fund

There are on this date one hundred fifty-seven (157) veterans of all wars who receive five hundred and no/100 (\$500.00) dollars, per annum, by reason of blindness under Article 1-B of the Military Law. During the past year the law was amended to include as beneficiaries the widows of deceased veterans, who at the time of their death were recipients of the annuity. Consequently, five widows were awarded the annuity during the past year. Twenty-six (26) new applications were filed since the last report, twenty-one (21) of which were approved; two (2) were disallowed, and three (3) are still pending.

Pensions

Sixty-two (62) persons are the recipients of pensions under Section 220 of the Military Law, which provides compensation for permanent disability incurred in line of duty in the National Guard or Naval Militia under lawful orders. Since the last report no additions have been made to the pensioners' roll. However, three (3) claims are pending settlement at this writing. Two (2) applications for increase of pensions previously granted were denied. Three (3) pensioners died during the past year.

Claims

Twenty-two (22) claims for pay and care on account of disability incurred in line of duty were filed during the past year by members of the Military or Naval forces of the State under Section 223 of the Military Law. Fourteen (14) claims were allowed; two (2) disapproved, and six (6) are still pending settlement.

Retirements

Under Section 19-A, Military Law: Eleven (11) applications for retirement at half pay were approved since the last report. Of the 11 applications nine (9) were armory employees, and two (2) were employees of this Division. There are now thirty-six (36) persons who are receiving retirement compensation. One (1) retired employee died during the past year.

Under Section 219, Military Law: There are three (3) former employees and two (2) widows of former employees of this Division now receiving retirement compensation, under the provisions of this section of the law.

VETERANS' RELIEF

Under Chapter 589, Laws of 1922, a commission to be known as the New York Veterans' Relief Commission, consisting of the Adjutant General, to be chairman thereof, the Comptroller and the Attorney General, was created for the purpose of distributing relief to sick and disabled veterans of the World War. For the purpose of administering this act \$1,000,000.00 was appropriated. Under chapter 326, Laws of 1923, this commission was abolished and a separate bureau was created in the office of the Adjutant General to be known as the Bureau for the Relief of Sick and Disabled New York Veterans. Under this chapter an additional million dollars (\$1,000,000) was approved. Of this total \$68,891.29 reverted to the State Treasury through lack of re-appropriation. Under chapter 605, Laws of 1928, chapter 41 of the Laws of 1909 entitled "An act in relation to the militia, constituting chapter 36 of the Consolidated Laws" was amended by adding Article 1-A, thus establishing the administration of relief as part of the Military Law.

In order to carry out the provisions of the above law the Legislature under chapter 708, Laws of 1931, appropriated \$75,000. In 1932 \$100,000 was obtained through the Temporary Emergency Relief Administration from funds appropriated under chapter 567. In 1933 \$50,000 was appropriated under chapter 120 and in 1934 an appropriation of \$200,000 was received from the Temporary Emergency Relief Administration from funds appropriated under chapter 273. In addition the Legislature appropriated \$50,000 under chapter 20, making the gross total available \$2,406,108.71.

Since the institution of the bureau many thousand requests for relief from sick or disabled, needy, unemployed, honorably discharged veterans of the World War have been received. These applications were thoroughly investigated and a majority of them were rejected due to the fact that they did not come within the meaning of our law. However, to date 11,679 cases were approved of which 10,132 are active or have been paid the maximum allowed under our law and 1,547 are in our rejected files for various reasons.

Actual payments for relief of sick and disabled veterans to date amount to \$1,987,108.47. Expenses of relief commissioners and

administration to date are \$317,696.47. The expendable balance is \$98,135.61, of which \$50,000 is unrequisioned from the State Comptroller, \$25,857.86 is in the hands of the various relief commissioners and \$22,277.75 is in the bureau fund.

The bureau is represented by a resident commissioner in each assembly district throughout the State. The commissioner makes the necessary investigation to determine the eligibility of an applicant to be given relief. He prepares all papers, makes the relief payments, renders the periodical reports and returns and discharges the multiplicity of duties that must necessarily result from the position.

These gentlemen serve without pay; they give their time and efforts to the work without recompense and altogether are rendering a service to the State of a high patriotic value.

Recruiting Bureau

Recruiting during the year has been normal and personnel joining in 1937 continues to represent the best type of citizens in the respective communities where organizations of the National Guard and Naval Militia are stationed.

Bureau of Files, Mail and Distribution

During the year there were 478 issues of publications on training, army regulations and other pamphlets received from the Federal government by this bureau and distributed to the units of the National Guard of this State, in addition to the necessary Federal forms required by the National Guard. There were also caused to be printed and distributed all State forms used by the National Guard in addition to the General Orders, Bulletins and Training Circulars originating in this office and in the office of the Commanding General, New York National Guard.

Recommendations

It is earnestly recommended that during the coming year adequate funds be made available for the resumption of our armory construction program.

Conclusion

In submitting this report The Adjutant General wishes to express to Your Excellency his deep appreciation of your understanding and valuable leadership as Commander-in-Chief of the Military and Naval Forces of the State of New York and to assure you of the continued loyal support of the troops which you have the honor to command.

Respectfully submitted,

WALTER G. ROBINSON,
*Brigadier General,
The Adjutant General.*

APPENDIX A

Report of the Commanding General, New York National Guard

In accordance with the requirements of paragraph 6, Military Regulations No. 80, State of New York, I herewith submit the following annual report on the affairs and condition of the New York National Guard for the calendar year 1937.

1. *General.* Based on the annual Federal armory and field training inspection reports, the reports of our own inspectors, and from extensive personal observation, I am pleased to report that the New York National Guard has continued to make definite and satisfactory progress during the past year. Deficiencies still exist in administration, training and supply, but these are mostly of a minor nature, all in process of remedy and improvement. The splendid spirit of cooperation and a strong will to do which exists in practically every organization and subdivision of our State military forces clearly indicates that a higher efficiency can and will be achieved and maintained. Improved business conditions has reduced unemployment in our ranks with a resultant increase in morale, which is reflected in the stabilization of strength and a remarkably high attendance at Armory Drills and Field Training.

2. *Strength.* The average monthly strength of the New York National Guard during the past twelve months was 20,233 officers, warrant officers and enlisted men, lower by 107 from 1936 when the aggregate was 20,340. The highest point reached was during the month of May, with a strength of 20,700, and the lowest was December 1936, with 19,944. The maximum allowed by the War Department was increased on March 31, 1937 from 21,006 to 21,039 to permit mainly of increased strength in the 102nd Quartermaster Regiment. During the past year the War Department, as a result of the Federal Appropriation Act of May 1, 1937, supplemented by the Act of August 1937, withdrew the existing authority to enlist persons who had legally declared their intentions of becoming citizens of the United States, and restricted the reenlistment of those in this category to members who agreed to complete their citizenship as expeditiously as possible. The restriction placed on enlistments in 1936 by the State, requiring 60 days armory drill service prior to departure for field training, remains unchanged.

3. *Attendance.* Most commendable is the percentage of attendance, 89.7, at armory drills during the past twelve months as compared to 89.23 for the previous year. In connection with this achievement I desire to report no change in the policy of forbidding the sentencing to confinement for absence from drill.

The percentage of attendance at Field Training in 1937 was 94.88%, just slightly lower than that of the previous year, 95.03%. All but three out of our thirty-six organizations had better than 90%, the lowest attendance being 84.01%.

The Colonel Frank H. Hines Attendance Trophy awarded annually to the organization having the highest percentage of attendance at all armory drills, field training and and the annual inspection, was won by the 212th Coast Artillery (A. A.) with a percentage of 97.22. The 71st Infantry was second with a percentage of 96.22. The 121st Cavalry was third with a percentage of 96.08. Thirty-three out of a total of thirty-five organizations finished this competition with a percentage of 90 or better.

4. *Organization.* No changes in organization of any components of the New York National Guard occurred during the past year. Changes in designation of the units comprising the 102nd Medical Regiment, ordered by the War Department late in 1936 and mentioned in my last annual report, were carried into effect. We now have a 1st, 2nd and 3rd Battalion in this organization instead of a Collecting, Ambulance and Field Hospital Battalion; Companies A, B and C instead of 104th, 105th and 106th Collecting Companies; Companies D, E, and F instead of the 104th, 105th and 106th Ambulance Companies; and Companies G, H and I instead of the 104th, 105th and 106th Hospital Companies. Another change, one affecting armament only, was authorized in the 245th Coast Artillery. The four batteries heretofore comprising the Mortar Battalion were changed so that two batteries became 3 inch anti-aircraft gun batteries and the balance assigned to 6 inch breech loading rifles.

The station of Headquarters 1st Battalion, 104th Field Artillery, was changed from Binghamton to Syracuse, as of April 24th, 1937. This change did not involve any move of troops.

Considerable progress has been made, in conjunction with the United States Property and Disbursing Officer, in the condemnation of obsolete federal property. So far as old truck and motor equipment is concerned, this work is practically completed, and the War Department program of replacement with modern automotive vehicles is abreast of schedule.

During the past year the following changes in organization commanders occurred:

Brigadier General John S. Thompson, commanding the 54th Brigade, having reached the age of 64 years, was, in accordance with the Military Law of the State, retired in the grade of Major General, on June 3, 1937. He was succeeded in the command of the Brigade by Colonel Ralph K. Robertson, 174th Infantry, who qualified as Brigadier General of the Line on June 11, 1937. The command of the 174th Infantry was assumed by Colonel Joseph W. Becker as of June 14, 1937.

Other retirements for age included Colonel Bryer H. Pendry, 245th Coast Artillery (Harbor Defense) on December 7, 1937,

who had served in that regiment in state and federal service for more than forty-two years. As provided in law, Colonel Pendry was placed on the retired list in the grade of Brigadier General.

Major Lemuel D. Ayers, Medical Corps, attached to the 107th Infantry, attained the statutory age on July 14, 1937 and was placed on the retired list that date in the grade of Lieutenant Colonel.

On June 15th, upon his own request, Brigadier General Ransom H. Gillet was retired in the grade of Major General. On the same date, Colonel Bernard W. Kearney, 105th Infantry, was promoted Brigadier General and assigned to the command of the 53rd Brigade. General Kearney was succeeded in the command of the 105th Infantry by Colonel Ogden J. Ross, promoted from Lieutenant Colonel in that organization.

During the past year three officers were summarily separated from the military service of the State. Late in December, 1936, the Commanding Officer, 244th Coast Artillery, preferred charges against Captain Walter P. Plummer, the Regimental Supply Officer, for violations of the 95th Article of War. Captain Plummer elected to tender his resignation subsequent to being served with these charges and as provided in law was discharged without honor and for the good of the service.

On June 22, 1937, Major Charles R. Morrison, 245th Coast Artillery, having been tried by a General Court Martial for violations of the 93rd and 95th Articles of War, and having been found guilty, was sentenced "to be dismissed from the service, to forfeit all pay and allowances and to a fine of \$200." This sentence was approved by Your Excellency and ordered carried into effect. In passing, I desire to mention that the sentence in this case is the maximum punishment which can be meted out by a General Court Martial and would not in many instances of wrong doing be a fit and commensurate punishment. The Military Law should be amended to provide punishments similar to those inflicted in the regular army and as authorized by the Articles of War. This matter will be studied and will no doubt be presented to the Legislature for appropriate amendment of the present statutes.

The third case of forced separation involved Major James H. McNamara, Quartermaster Corps, State Staff, and a former Executive Officer of the State Arsenal, Brooklyn, N. Y. An investigation conducted by the General Accounting Office of the Federal Government disclosed certain irregularities on the part of this officer, all of which occurred on dates that prohibited his prosecution either in the State, Federal or Military Courts on account of the statute of limitations. Upon the recommendation of this Headquarters, Your Excellency authorized the appointment of a Board of Officers as provided in Section 80 of our Military Law. This board found that Major McNamara did not possess the moral character, capacity and general fitness necessary for service in the National Guard. The findings were approved by Your Excellency on May 8, 1937, whereupon Major McNamara was

removed from office and ceased to be an officer in the New York National Guard.

On February 6, 1937, Captain Andrew H. Thompson, Quartermaster Corps, New York National Guard, was announced as the United States Property and Disbursing Officer, vice Colonel William A. Taylor, Quartermaster Corps, State Staff. Colonel Taylor, however, retained his assignment of Assistant Adjutant General and remained in charge and control of the State Arsenal. Captain Thompson was later promoted to the rank of Major.

It is with the deepest regret that I report the death of two distinguished officers who had served the State and Federal Governments with distinction and honor. Brigadier General DeWitt Clinton Falls, retired, died in London, England, September 7, 1937. This officer served in the old 7th Regiment from 1886 to 1918. He was a veteran of the War with Spain and of the World War. At the conclusion of the latter war he went to the State Reserve List until his retirement in 1928. During all of that period and even to the date of his death his services were constantly sought by and freely given to our organization commanders on matters affecting history, uniforms and distinctive insignia, in all of which subjects he was a profound authority. His death is a distinct loss to the service.

Brigadier General DeWitt Clinton Weld, Jr., retired, died in New York City, September 11, 1937. This officer had more than thirty years service in the 23rd, now the 106th Infantry, in the 2nd, now 105th Field Artillery, and as Commanding General of the 52nd Field Artillery Brigade. He was a veteran of the World War and had a splendid record of duty well performed in the service of his State and Nation.

5. *Service in Aid of Civil Authorities.* No calls were made upon the military service in aid of civil authorities that could not be controlled by local and state police. However, as in the past, our various organizations have assisted their communities to the limit of available facilities in all of their local problems. The demands have been lighter than any year since the depression.

6. *Training.* The accomplishments of the 1937 Armory and Field Training Periods throughout the New York National Guard are considered as very satisfactory. This is attested not only by the reports of our own training inspections, but also by those of the Regular Army Inspection Boards and by the Field Inspections conducted by representatives of the National Guard Bureau.

It is believed that the basic system of training which has been in effect for the past several years, with emphasis upon the combat efficiency of the small unit, has been largely responsible for the present uniformly high level of training. Moreover, it has established definite standards of training and has created a large nucleus of competent and experienced officers and enlisted men upon which to build in the future and who would be of the greatest

value in the event of mobilization, with its attendant large increases in new personnel.

The general training objectives as announced for the year were as follows:

a. To produce units prepared to take the field on short notice at existing strength in order to execute current Federal or State defense plans.

b. To maintain all units at the standards required for Federal recognition.

c. To be prepared to mobilize promptly at maintenance strength and equipment.

d. To be prepared to increase officer and enlisted personnel to meet mobilization requirements.

e. To be prepared to replace the New York National Guard, while in Federal service, with such armed forces as the State might require.

With the above objectives in mind, emphasis was given to the following subjects throughout the training year: musketry and technique of fire for all weapons, the conduct of tactical problems for small units, the development of team play for the combined arms, the defense against aircraft, chemical and mechanized forces and the services of supply and evacuation.

All the above objectives conform with the current training directives as issued by the War Department for the entire National Guard.

The outstanding feature of the 1937 training year was undoubtedly the joint training of the 107th Infantry and the 105th Field Artillery at Pine Camp. In this training, the 102nd Quartermaster Regiment and the 27th Division Aviation also participated. The ideal terrain conditions at Pine Camp for maneuver purposes, as compared with Camp Smith, resulted in a highly successful tour of field training for these organizations. It is planned to continue this system of joint Infantry-Artillery training in future years, so that all Infantry and Artillery regiments will secure the undoubted benefits of operating as combined tactical teams as they would normally in combat. With this in mind, additional funds for facilities at Pine Camp for the Infantry have been requested from the National Guard Bureau.

Infantry training at Camp Smith followed closely the system adopted in previous years, namely emphasis upon combat principles for small units, field firing for all Infantry weapons under assumed combat conditions and tactical exercises for the staffs and troops with the battalion as the basic unit. New terrain and more advanced types of exercises added greatly to the interest and profit of this year's field training.

While the limited facilities at Camp Smith and the large number of troops present for training required close supervision by this Headquarters in order to secure the maximum results in the

minimum time available, it is realized that every opportunity must be given to unit commanders to supervise and conduct the training of their individual units. This is not only desirable and necessary if the initiative of organization commanders is to be developed, but also in order to train such officers for their duties as instructors in the event of mobilization. Efforts will be continued this year to decentralize further the conduct and supervision of training to lower commanders.

The consolidated figures for Infantry marksmanship are published in another section of this report, together with certain comments on marksmanship training. These figures show that the high standards of previous years in marksmanship have been maintained for all small arms. It is believed that the annual State Rifle and Pistol Matches, in which all Infantry, Cavalry and Engineer organizations must be represented, have contributed greatly to this general progress in marksmanship.

With regard to Field Artillery training, realizing that developments in mobility, communications and weapons have greatly altered the tactical employment of Field Artillery, continued emphasis has been given to training the artillery in advanced methods in gunnery and fire control. The 258th Field Artillery (155 mm gun) trained this year for the first time at Pine Camp and completed a notable march with its heavy equipment from and to its home station in New York City.

The Coast Artillery trained again this year at Fort Ontario and at Fort H. G. Wright. At the latter post, the 245th Coast Artillery, in addition to target practice by battery, conducted a tactical exercise at battle stations employing the fixed harbor defense armament and installations. The target practice of the 244th Coast Artillery at Fort Ontario was particularly successful and four (4) of the six (6) firing batteries were rated "EXCELLENT." The 212th Coast Artillery, in common with other anti-aircraft units of the Regular Army and National Guard, is still handicapped in its training by insufficient and obsolete equipment. This is a serious defect in view of the present importance of this particular arm. We are assured that the War Department is fully aware of this condition and new equipment will be provided as soon as Federal funds are available.

During the current year, the 27th Tank Company received one modern tank of the M2A2 type, completely equipped with radio and armament. We are informed that an additional tank will be provided in 1938.

The Engineer regiment, in addition to its normal duties during field training, was of great assistance in the preparation of the bivouac site at Camp Smith, in the construction of roads, repair of bridges and in the preparation of watering facilities, all of which provided excellent instruction for this unit.

The 101st Signal Battalion, as part of its training at Pine Camp, completed the installation of a permanent interior telephone system at that camp.

As concerns Medical Department Detachment training, emphasis was given during field training to the installation and operation of battalion aid stations.

The 102nd Medical Regiment completed a five-day continuous field exercise, which included the complete installation and operation of a divisional evacuation system.

The assignment of additional motor vehicles to the State, afforded an excellent opportunity for the 102nd Quartermaster Regiment at Pine Camp to operate normally in the field.

The 27th Division Aviation is now equipped with eight new O-46 observation planes with complete modern instruments for navigation and communication. This unit also assisted in the training of the Infantry, Cavalry and Artillery by furnishing ships and personnel for ground—air communication, target towing and observation.

A sufficient number of Cavalry animals was furnished by the Federal government during the field training period 1937 to permit adequate field training by both mounted organizations. Each regiment has also recently received two modern scout cars, to be completely equipped with radio sets and armanent. It is anticipated that the full allowances of .45 caliber pistol ammunition will be restored and that mounted pistol marksmanship can be completed by the Cavalry in 1938.

The Division Special Troops, including Headquarters, Signal, Ordnance and Military Police Companies, all are in a satisfactory condition and functioned particularly well during the field training period.

The 27th Division Staff participated in the First Army Command Post Exercise which was conducted at Camp Devens, Massachusetts from August 27th to September 4th, 1937. Present at this exercise were also the division staffs of all of the Regular Army and National Guard in the First, Second and Third Corps Areas. This Command Post Exercise afforded excellent training both for the General and Special Staff of the 27th Division, not only in the tactical employment of the division, but also in the equally important matters connected with mobilization and supply.

Mention is made of the Army Extension Courses in another section of this report and of the attendance of the National Guard personnel at the several Special Service Schools. The Corps Area Command and General Staff School, inaugurated at Camp Dix, New Jersey, in 1936, was continued in 1937 with fourteen (14) officers in attendance. This course in modified form was repeated in New York City during the winter, thus affording qualified officers living in the Metropolitan Area an opportunity to secure this useful instruction in staff duties and functions.

During the past year, we have received additional vehicles of various types from the War Department, including ambulances, prime movers for the artillery and wire-laying vehicles for communication units. As of December 1, 1937 there are in the State

a total of 645 vehicles and we have been notified that 45 vehicles for the light field artillery are ready for delivery. It is believed that additional vehicles will be received during 1938 which will result in the partial and possibly the complete equipment of all motorized units, to include combat and field trains of Infantry regiments. The problem of the maintenance and care of these vehicles is an important one and, with this in view, a redistribution of such vehicles has now been made which will result in the definite assignment of so-called tactical vehicles to organizations, who will be responsible for their proper maintenance and repair. The balance of the motor vehicles will be assigned to the State Pool for use in troop movements during the field training period.

While discussing the general subject of training, it is desired to refer to the lack of adequate facilities at Camp Smith for Infantry training. While this camp is outstanding throughout the country in its facilities for rifle marksmanship, due to the character of the terrain it is entirely unsuited to training in combat principles and infantry tactics. Furthermore, the requirements of the War Department in the matter of Infantry training are more and more insistent upon the importance of field exercises, marching and camping under assumed combat conditions. None of these requirements can adequately be met on the Camp Smith Reservation. This problem has been partially met in the past few years by the use of adjacent private property which has been either loaned or leased. This solution has been unsatisfactory, however, because of the temporary character of such arrangements and the lack of size. It is believed that the time has come to consider seriously the acquisition by the State of a suitable Infantry training area adjacent to Camp Smith, possibly within a radius of twenty-five (25) miles, which can be used in conjunction with Camp Smith for the training of our Infantry in modern combat essentials. Such terrain should be of an open or rolling character and of suitable size for the development and deployment of an Infantry regiment at Peace Strength, as well as for exercises in minor tactics, musketry and training in camping and camp expedients. Several informal surveys of suitable property adjacent to Camp Smith have been made during the past year and such an area, it is believed, can be found and secured at a reasonable cost. If acquired by the State it will pay large dividends in increasing the efficiency of our Infantry organizations, as well as promoting their interest and morals. As a matter of fact, such action by this State would be in line with that of other adjoining States, such as Pennsylvania, Massachusetts and Vermont, which likewise in the past few years have found it necessary to supplement their existing training camps with additional areas for the same reasons.

The New York National Guard Short Wave Radio Net continued to function during the year 1937 with excellent results. All of this activity has been maintained by certain of our communication units at their own expense. Recently the War Department have

established rules which requires greater precision in the tuning of these sets allowing only the slightest variation from the allotted wave band. It is doubtful if all units will have funds of their own sufficient to purchase the new equipment. Furthermore all stations are now dependent for their supply of electricity on public service companies. The value of this radio net in any state emergency would be of tremendous value. Should such an emergency arise wherein commercial power lines were damaged or the service interrupted, the net would be of no use. I feel that a study of the possibilities of this service should be studied in conjunction with other State police agencies and a determination reached as to the value this service would be to the State. If the decision is favorable then State aid in the form of appropriations for the installation of authorized sets at strategic points as also for the purchase of gasoline motor generators to enable the stations to be self sustaining under all circumstances should be made.

The 1937 Field Training season was satisfactory from the viewpoint of results obtained in small arms practice.

This year, for the first time, the automatic rifle was fired only by men who had never before qualified with the weapon (this is in accord with National Guard Bureau directives) and the result (55% qualifications) speaks well for our system of instruction.

Qualifications

Rifle: Infantry and Engineers—3,605 out of 5,075 or 71%.
Cavalry—646 out of 962 or 67%.

Automatic Rifle: Infantry and Engineers—595 out of 1,083 or 55%.

Machine Gun, Cal. 22.—Infantry and Cavalry—2,000 out of 2,000 or 100%.

37 m/m Gun and 3" Trench Mortar.—Infantry—465 out of 533 or 84%.

Light Machine Gun.—Cavalry—74 out of 149 or 50%.

The organizations in the Metropolitan Area took full advantage of the opportunities afforded them for preliminary practice at Camp Smith prior to the opening of the field training period. The range assignments were made by this office in sufficient time to permit of the plans and training officers of all organizations completing the details prior to April 1st, so that no time was lost when the weather permitted of the use of the range.

The ammunition issued was generally satisfactory. The constant changes in calibre 30 ammunition required a careful check of its use and this has been and is being carried on. The allowances of all types of ammunition, save 37 m/m, were sufficient to permit of the carrying out of our program. In the case of 37 m/m, we found the allowance insufficient for our purposes and were permitted to transfer some of this type of ammunition, which one of our artillery regiments had not fired, to infantry use.

The situation regarding calibre 45 ammunition, which was noted in my 1936 report, has been aggravated by the reclassification as unserviceable of most of the ammunition of this type in our possession, with the result that we now have less than our required minimum reserve.

The Provisional Ordnance Detachment, Camp Smith, performed the necessary range details for known distance firing and its members acted as supervisors, statistical clerks and telephone operators. The Detachment further assisted in the training by furnishing men for the various phases such as: map reading, compass course, machine gun firing, howitzer instruction and the field firing problem. During the field exercises of the several organizations the Detachment represented the enemy and acted as orderlies to the umpire.

The attendance at the State Rifle and Pistol Matches of 1937 exceeded all previous records and the teams of the New York National Guard, New York Naval Militia and New York Civilians which competed in the National Matches acquitted themselves in a manner which reflected very creditably to the State of New York. The results of both the State and National Matches are the subjects of special reports.

Inspection of Ordnance material was carried out by the Corps Ordnance Officer and resulted in the condemnation of a considerable number of rifles, pistols, machine guns, automatic rifles and other property.

Chemical Warfare activities during the past year comprised armory instruction under organization Gas Service officers, following the directives established by my Headquarters, and a five hour special chemical course under the direction of the 27th Division Chemical Warfare Officer at the field training camps, located at Camp Smith, Pine Camp and Fort Ontario. Chemicals were used for the first time in tactical problems during 1937, smoke being employed in the field exercises at Camp Smith involving both the attack and defense. Smoke was also used in the conduct of the field exercise at Pine Camp, held jointly with the 107th Infantry, the 105th Field Artillery, the 102nd Quartermaster Regiment, and the 27th Division Aviation. It is planned to continue this form of using chemical agents in our exercises for 1938, and it is hoped that sufficient gas masks will be available to equip one battalion of infantry in each regiment, and requiring their participation in action wearing these masks.

7. *Athletics.* The matter of recreation and entertainment of our troops during field training received the same careful attention it has in the past. The training programs and schedules are intensive, producing the maximum of effort in the time involved and the proper kind of relaxation is necessary to keep morale at a high standard. At Camp Smith the baseball, track, tennis, swimming and other facilities were maintained in excellent condition and were used most extensively. In addition, our up-State

regiments training at this camp were encouraged to grant week-end passes during the middle Sunday of each tour, that offered the officers and men the opportunity to visit New York City and its surrounding summer resorts. Full advantage was taken of these opportunities and each of the up-State regiments had a special train on the New York Central Railroad to transport their personnel to New York City and return. Sleeping facilities over Saturday nights were again provided without charge in the Manhattan and Brooklyn armories. Organizations training at Pine Camp and Fort Ontario utilized motor transportation for week-end trips to Clayton, Alexandria Bay and other of the resorts in the Thousand Islands. At Camp Smith and Pine Camp we again provided the latest sound pictures three evenings each week, without charge. Evenings not given over to the pictures were devoted to boxing, wrestling and amateur vaudeville and other forms of entertainment. Capacity audiences were the rule.

8. *Other Activities.* Opportunities and facilities for religious worship were scheduled and provided for all faiths, Jewish, Catholic and Protestant alike. In this connection I again want to evidence my deepest appreciation to the Jewish Welfare Board of New York City for their assistance at Camp Smith.

The general public continues its interest in our summer training activities as is evidenced by the more than 12,000 motor vehicles and close on to 85,000 visitors to Camp Smith during 1937. Again the largest single day's attendance happened on the Sunday your Excellency paid his annual visit of inspection to the 369th Infantry, September 12th. Every facility at Camp Smith was taxed to its utmost capacity on that day, and the 1936 attendance of close on to 3,400 cars and 25,000 people was exceeded. Despite the tremendous crowd, traffic moved freely and no serious accidents were reported.

9. *Schools.* Special Training Schools:

During the year the following named officers and enlisted men completed the various courses at the Service Schools maintained by the War Department:

- (1) COMMUNICATIONS COURSE, INFANTRY SCHOOL
(Fort Benning, Georgia. February 23, 1937-May 29, 1937.)
Technical Sergeant CHARLES E. SELLWOOD, Hq. Co. 108th Infantry.
Sergeant FREDERICK RITTER, Hq. Co. 3rd Battalion, 106th Infantry.
- (2) NATIONAL GUARD AND RESERVE OFFICERS COURSE, FIELD ARTILLERY SCHOOL (SPRING)
(Fort Sill, Oklahoma, March 1, 1937-May 29, 1937.)
Second Lieutenant FORREST L. WOODLEY, Hq. Btry. & C. T., 1st Bn., 104th Field Artillery.
- (3) TANK COURSE, INFANTRY SCHOOL
(Fort Benning, Georgia, March 1, 1937-May 29, 1937.)
Captain LITTLETON A. ROBERTS, 27th Tank Company.

- (4) ENGINEER SCHOOL
(Fort Belvoir, Virginia, March 5, 1937-June 4, 1937.)
First Lieutenant EARL D. FOSTER, Hq. 2nd Bn., 102nd Engineers (C).
- (5) CAVALRY SCHOOL
(Fort Riley, Kansas, March 1, 1937-May 29, 1937.)
Second Lieutenant GEORGE M. BARKER, Troop A, 101st Cavalry.
Second Lieutenant JOHN S. WILKES, Troop E, 121st Cavalry.
- (6) NATIONAL GUARD AND RESERVE OFFICERS' COURSE, INFANTRY SCHOOL
(Fort Benning, Georgia, March 1, 1937-May 29, 1937.)
Major WILLIAM H. KELLY, Hq. 1st Battalion, 165th Infantry.
Captain LLOYD E. COLLINS, Co. H, 105th Infantry.
Captain JAMES W. JOHNSON, Hq. 369th Infantry.
Captain WALTER A. HUME, Co. C, 369th Infantry.
Captain GEORGE H. HOPKINS, How. Co., 105th Infantry.
Captain ARTHUR H. FLEETHAM, Co. M, 108th Infantry.
Captain FLOYD H. McDONALD, Co. H, 369th Infantry.
1st Lieut. SYLVESTER J. HARTMANN, Co. D, 71st Infantry.
1st Lieut. WALTER J. McCARROLL, Co. E, 165th Infantry.
1st Lieut. MCKEE A. PALMER, Co. H, 108th Infantry.
1st Lieut. KELSEY H. JEWETT, Service Co., 174th Infantry.
1st Lieut. CHARLES E. De GROFF, Co. G, 105th Infantry.
1st Lieut. LEIF ANDERSON, Hq. Co., 3rd Battalion, 71st Infantry.
2nd Lieut. ROBERT J. McBRIDE, Co. M, 71st Infantry.
2nd Lieut. JAMES P. BARRON, Hq. Co., 2nd Battalion, 165th Infantry.
- (7) FIELD ARTILLERY SCHOOL (FALL COURSE)
(Fort Sill, Oklahoma, September 11, 1937-December 11, 1937.)
Captain STEPHEN J. WRIGHT, 258th Field Artillery.
- (8) COMMUNICATIONS COURSE, FIELD ARTILLERY SCHOOL
(Fort Sill, Oklahoma, February 8, 1937-June 12, 1937.)
Staff Sergeant STANISLAUS F. PIOSENKA, Hq. Btry., 106th Field Artillery.
- (9) QUARTERMASTER SCHOOL
Holabird Quartermaster Depot, Baltimore, Md., September 13, 1937-November 6, 1937.)
First Lieutenant HENRY T. SWAN, Jr., 156th Field Artillery.
- (10) RADIO COURSE, COAST ARTILLERY SCHOOL
(Fort Monroe, Virginia, September 13, 1937-December 17, 1937.)
Corporal HARRY ANTENUCCI, Hq. Btry., 212th Coast Artillery.
- (11) AIR CORPS SCHOOL
(Chanute Field, Illinois, October 26, 1936-March 19, 1937.)
Second Lieutenant FRANK T. CASHMAN, A. C., 102nd Observation Squadron.
- (12) MEDICAL SCHOOL
(Carlisle Barracks, Pennsylvania, October 13, 1937-November 30, 1937.)
Captain ABRAHAM NORMAN, M. C., Special Troops, 27th Division.
Captain THORNTON H. WOOD, M. C., 369th Infantry.
- (13) MEDICAL SCHOOL (Veterinary-Forage Inspection Course)
(Army Medical School, Washington, D. C., November 29, 1937-December 22, 1937.)
Captain ROBERT STUART MAC KELLER, Jr., Veterinary Corps, M. C., 101st Cavalry.

- (14) CORPS AREA COMMAND AND STAFF SCHOOL
 (Camp Dix, New Jersey, November 8, 1937–November 20, 1937.)
 Colonel CHARLES N. MORGAN, 121st Cavalry.
 Lieut. Col. SAMUEL D. DAVIES, 106th Infantry.
 Lieut. Col. JAMES M. ROCHE, 369th Infantry.
 Major JEROME B. CROWLEY, 165th Infantry.
 Major HENRY R. DROWNE, Jr., 51st Cavalry Brigade.
 Major MALCOLM W. FORCE, 244th Coast Artillery.
 Major HENRY G. FOWLER, 244th Coast Artillery.
 Major LINDSAY J. GRIFFITH, 71st Infantry.
 Major JOHN D. HUMPHRIES, 245th Coast Artillery.
 Major JOSEPH A. McDONOUGH, 93rd Brigade.
 Major ARTHUR T. SMITH, 108th Infantry.
 Major THOMAS C. DEDELL, 10th Infantry.
 Major WILLIAM H. KELLY, 165th Infantry.
 1st Lieut. JAMES J. FOGARTY, 71st Infantry.
- (15) NONCOMMISSIONED OFFICERS' COURSE, CAVALRY SCHOOL
 (Fort Riley, Kan., September 1, 1937–November 30, 1937.)
 Sergeant HERMAN W. DAMMER, Hq. Tr., 51st Cav. Brigade.
 Sergeant CORNELIUS PERRY, 2nd., T. K, 101st Cavalry.

In regard to the Army Extension Courses, which are conducted on the correspondence course principle, we require every officer below the grade of Colonel to enroll and to complete at least twenty-six hours per annum. This form of instruction is also open to our enlisted men who are encouraged to complete the basic course in their respective arm or branch, thus qualifying themselves for commission in the National Guard of the United States in an inactive status, and securing a War Table assignment. During the year, 5,577 sub-courses were completed and the credit hours received by all students totalled 78,897 hours, a most creditable record. All of this is accomplished aside and apart from the required 48 drills and 15 days field training.

In November 1936 some fifty of our enlisted men competed in the annual examination held by the Adjutant General for appointment to the United States Military Academy, West Point, New York. Twelve of these successfully passed the examination and six candidates were selected, in order of their standing, and entered the Academy on July 1, 1937. They were.

Pvt.1cl. Raymond Shnittke, Btry. C, 258th Field Artillery
 Private William F. Esdorn, Hq. Co., 1st Bn., 71st Infantry
 Private Charles Flanders, Jr., Co. K, 14th Infantry
 Private Peter S. Tanous, Btry. D, 245th Coast Artillery
 Pvt.1cl. Thaddeus J. Skoblicki, Co. B, 102nd Engineers
 (Combat)
 Pvt. 1cl. Gibson Niles, Co. D., 10th Infantry

In addition to the above, two other successful candidates in our examination received congressional appointments. One was admitted but the other unfortunately failed to meet the rigorous physical requirements of the Academy.

10. *Inspections.* The Annual State Armory Inspections are still conducted separate and apart from the Federal government.

I see every reason to continue along this line as it gives our inspector more opportunity to cover and to assist in all matters of administration, supply and finance.

As in the past, the tactical inspections of training were made at the various field training camps.

The accounts of the various Camp Quartermaster and Post Exchange Officers were inspected and audited at frequent intervals. The usual checks on payrolls of the Construction Department at Camp Smith, the Post Hospital, the Military Police and the Provisional Ordnance Detachment were maintained.

11. *Permanent Plant.*

a. *Armories.* No new armories were provided for either by the Legislature for the State as a whole or by the Armory Board of the City of New York for organizations in the Greater City. The need still exists in New York for new or enlarged quarters for the 244th Coast Artillery, the 212th Coast Artillery, and the Brooklyn units of the 105th Field Artillery. As regards the like needs in the balance of the State, this matter has been carefully gone over with the Adjutant General, with whose views and plans I am in hearty accord. I believe he will cover this matter in his report to you.

b. *Camp Smith.* Appropriations made by the Legislature were sufficient to maintain this camp in ordinary repair but did not provide for any major replacements. A separate item in the 1937 appropriation bill did permit of the installation of 32 oil burner cooking ranges and 17 stainless steel cooktables. These proved most satisfactory, both as to economy of operation and also in the preparation and cooking of meals. In my budget requests to you earlier this fall I did ask for sufficient funds to completely replace all old wood burning stoves and to replace the old wooden zinc lined tables. In my 1936 report I mentioned the Federal aid, through the Works Progress Administration, which we were to receive towards the repair of the old rifle range and enlargement of our storm water sewer. Some forty thousand dollars were allotted for the first project and its completion promised prior to June 1, 1936. Despite additional help given to the Works Progress Administration from our small permanent force and equipment in the form of trucks, compressors and steam shovel, the work was not more than half finished on June 1 and but 34 of the 52 targets could be used at any time during the season. Early in August the appropriation for this project was exhausted. Supplementary funds were promised but did not materialize until three weeks ago. The work is progressing most slowly and I do not care to estimate a possible date of completion or even to say the work will be completed. The Works Progress Administration have been most anxious to start the Storm Sewer project, but I have determined the rifle range must be completed prior to inaugurating any other activity depending on relief workers. No funds have

been made available by the War Department for any new construction due to the limitations made by Congress in this respect. Some financial assistance for repairs of distinctively training facilities were received and economically expended. As explained to Your Excellency in my budget request, there is a crying need for new latrines and showers for the East Camp at Camp Smith; the increased use and presence of motors makes a new motor park and service garage essential. The same motors and their heavy travel over such dirt and gravel roads within the camp proper calls for the hard surfacing of these roads. All of this I have discussed with you in my request for funds in 1938. I know that your always friendly and sympathetic feeling for the Guard will result in as generous a response as is possible.

c. *Pine Camp.* No State funds are appropriated for construction or maintenance of plant at Pine Camp, but some assistance and aid did come from the Works Progress Administration. The airfield project has not as yet been finished but it is hoped to have at least two major cross runways completed prior to June 1, 1938. Our request on the National Guard Bureau for funds to construct an additional regimental area, for use by infantry regiments, unfortunately had to be denied.

d. *Fort Ontario.* As reported last year, we solicited W.P.A. aid to construct concrete tent floors, frame tents, and to increase bathing and toilet facilities. No definite response was made until recently, and I hope we will be successful in starting this work in the near future. This camp, being on a Federal reservation, does not receive any State aid towards construction.

12. *Administration.* A high standard of efficiency in the administration of all organizations of the New York National Guard is well indicated by the reports of inspections made by officers of my Staff. Deficiencies exist, and always will be more or less present, but these are mostly of a minor character that are easily and promptly remedied when attention is called to them. The care of property and the proper maintenance of property records is improving steadily. Considerable progress has been reported by the inspectors in the handling and accounting of civil organization funds. The operation of our monthly periodical, the New York National Guardsman, under the plan inaugurated in 1935, shows a marked improvement over last year. A change in policy with regard to this publication was instituted in July of this year which resulted in the replacing of a paid magazine man by two officers of my Staff on permanent duty. Lieutenant Colonel Henry E. Suavet, the Division Ordnance Officer, and Lieutenant Colonel Edward Bowditch, the Division Inspector, in addition to their regular military duties, now handle this publication with distinct credit to the magazine and to themselves. I am pleased to report that the Post Exchanges at Camp Smith and Pine Camp, operating under the direct supervision of my Headquarters had a

successful season, both as to the comforts, conveniences and entertainments afforded the troops, as were also profitable financially to the extent that balances remaining in both accounts insure a full and satisfactory program for 1938.

13. *Recommendations and Conclusion.* I have mentioned earlier in this report the need of a new area to be used in conjunction with the training of troops at Camp Smith. This is indeed a serious need but our search for the required terrain suitable for our purposes is not completed. I am therefore unable at this time to make a definite recommendation. As to the needs for improvements at Camp Smith, my recommendations were included in my budget requests made early this fall.

In closing I do want to express the sincere appreciation and heartfelt gratitude of myself and of the New York National Guard as a whole for your splendid support and keen interest in our service. I also want to thank the Legislature for their aid. The splendid cooperation and helpfulness of the Adjutant General of the State, the United States Property and Disbursing Officer and the Corps of Instructors from the Regular Army is gratefully acknowledged. I sincerely trust that the results of our efforts and the progress we make will insure a continuance of this most desired support.

WILLIAM N. HASKELL,
Major General, N.Y.N.G.

APPENDIX B

Report of the Commanding Officer, New York Naval Militia

1. In accordance with the provisions of Par. 6, R-80, Regulations for the Military Forces of the State of New York, the following report of the affairs of the New York Naval Militia for twelve months ending November 30, 1937, is submitted:

2. *Strength.* The strength of the New York Naval Militia as of December 1, 1937 was 2,084 officers and men, as compared with 1,897 on December 1, 1936. These figures reflect a fair gain, giving consideration to the normal flow of losses by discharge during the period of the report. The recruitment of personnel has for many years been slightly in excess of losses by discharge, by reason of expiration of enlistment or other circumstance, and the balance of strength is considered most favorable.

3. *Attendance.* The 1937 average attendance at drills was 85.2%, which figure reflects a small increase of regularity of attendance, as compared with the 1936 average, which was 82.8%. A high rate of attendance being an important factor in the standing of the New York Naval Militia in its Federal status, this office is making a continual effort to secure an even more favorable average than that now obtaining.

4. *Training Duty.* During the period of the report 1,628 officers and men performed active training duty afloat in battleships and destroyers of the Training Squadrons under Federal orders. In addition to this 31 officers and men performed training duty under similar Federal orders, but without pay. The number of officers and men receiving training afloat is limited by appropriations and, in consequence, a figure more comparable with the actual strength cannot be shown. The total quoted, however, is representative of approximately 98% of those authorized to perform such duty under the limitation of appropriations. The Marine Battalion performed its field training at the Marine Base, Quantico, Va. Arrangements have been concluded with the Major General Commandant, U. S. Marine Corps and the Major General commanding the New York National Guard, authorizing the performance of field training by Marines at Camp Smith during the year 1938. The Navy Department, Major General Commandant of Marines, and Commanding Officer New York Naval Militia, are all most appreciative of the cooperative spirit and attitude of the National Guard in this connection. The seagoing units, who were training in battleships and destroyers, visited ports in Canada and the West Indies during the training cruise. Short Range Battle Practice was scheduled for all organizations, which practice

was engaged in at various points along the Atlantic Coast. The 15th Fleet Division at Oswego, N. Y., stood highest in the Figure of Merit Competition in the Third Naval District for this practice during the year 1937 and was awarded the Trophy for Gunnery Efficiency and the Josephthal Endowment Trophy for Gunnery Efficiency. The standing of all divisions in the Naval Militia in this important exercise was well above average and the practice considered most satisfactory. The commanding officers of vessels on which units of the Naval Militia performed their training duty, have in all instances reported most favorably on both the officers and men serving in their ships. During the period of the American Legion convention, at which time the Navy Department sent several vessels to anchorages in the North River, His Excellency the Governor made official visits on board the U.S.S. New York and the U.S.S. Texas. The U.S.S. New York was partially manned by officers and men of the New York Naval Militia and the entire reserve crew of the U.S.S. Texas were officers and men of the New York Naval Militia. Our Commander-in-Chief was received by Rear Admiral Wilson Brown, Commander Training Squadron, U. S. Fleet, and it is believed this visit proved of considerable interest to our Commander-in-Chief and that the officers and men of the New York Naval Militia serving in those ships were highly appreciative of the honor shown them on this occasion. The officers and men of the regular naval establishment in these vessels were highly pleased to have had our Commander-in-Chief visit with them.

5. *Small Arms Practice.* The attendance at this exercise totaled 1601 officers and men for 1937, as compared with 1453 during the preceding year. This practice was held at Camp Smith, Peekskill, N. Y., Fort Niagara, N. Y., Stony Point, N. Y., and at the Golah Range, Rochester, N. Y. The results of the practice establish the basis for the award of the Annual Figure of Merit, which was won by the 11th Fleet Division, 9th Battalion, Buffalo, N. Y.; 2nd prize, 15th Fleet Division, Oswego, N. Y.; 3d prize, 31st Fleet Division, New Rochelle, N. Y. A total of 505 officers and men were qualified for and awarded the Decoration for Marksman; 3 Experts and 16 Sharpshooters were also developed during the Small Arms year. There was a marked increase in Small Arms efficiency throughout all organizations. Arrangements for practice at Fort Niagara and Stony Point were made by the Commanding General, Second Corps Area, U. S. Army. Regular Army personnel administering these Reservations were most helpful and courteous in connection with all details attendant thereto. Naval Militia Teams participated in practically all of the State Matches at Peekskill during early June. The Naval Militia Brigade Match was won by the 31st Fleet Division, New Rochelle, N. Y. The Interstate Small Arms Trophy Match, which is sponsored by the U. S. Naval Reserve Officers Association, Third Naval District,

was won by Brigade Team "A". The Naval Militia also sent a team to the National Matches at Camp Perry, Ohio. The performance of this team was considered most satisfactory. Seaman William J. Pfau, N.Y.N.M., won the Crescent Athletic Club Trophy in the President's Match at Camp Perry, Ohio, and it is understood this is the first time that this trophy has been won by other than an individual of the Regular Naval Service. Seaman Pfau was properly commended for his achievement by the Assistant Secretary of War. The use of Small Arms is but one of the many requirements in the training of the Naval Militia and the increasing interest in this activity is clearly reflected by the general improvement thereof.

6. *Week-End Cruises.* Collectively, our officers and men engaged in 76 week-end cruises on various types of vessels, which covered 5,386.5 miles of steaming manned by a collective total of 1101 officers and men. Week-end cruising has benefited the officers because of their entire independence of command and has proved most valuable training for the duties afloat of enlisted personnel. There is a wide use of small craft by groups of enlisted men in charge of petty officers, which form of activity is also valuable training.

7. *Athletics.* Participation in athletic events of civil, military or naval character is widely encouraged. The 6th Division of the 2nd Battalion, N.Y.N.M. took first place in a Whaleboat Race in lower New York Bay, in which contestants were eligible from New York, New Jersey and Connecticut. Second and third place in this competition were taken by the 7th and 5th Fleet Divisions of the same Battalion and, as the expression goes, this organization swept the river. This performance is considered one of the outstanding events under this heading.

8. *Naval Academy Appointments.* During the year 1937 four enlisted men of the New York Naval Militia were successful in winning admission to the United States Naval Academy. The successful candidates were:

George J. Bagley, Jr., Sea.2cl., 8th Divn., 2d Battn.
Herbert C. Hawkins, Sea.1cl., 8th Divn., 2d Battn.
Waldo W. Simons, A. S., 8th Divn., 2d Battn.
Davis S. Moore, Sea.2cl., 31st Fleet Division.

9. *General Efficiency of the Brigade.* The units of the New York Naval Militia all enjoy a commendable standing in the national ratings, as set forth by the Naval Reserve Inspection Board. The general condition of the Command is of satisfactory character and the standing of the three highest organizations under each group is as follows:

Unit	Commanding Officer	Location	Standing
Batallions			
2nd	Comdr. J. T. Kane	Brooklyn	1
9th	Comdr. F. J. Bailey	Buffalo	2
1st	Captain T. Nelson	N. Y. City	3
Divisions			
31st	Lt. Comdr. F. K. Gundlach	New Rochelle	1
15th	Lt. Comdr. J. M. Gill	Oswego	2
6th	Lt. Comdr. J. M. Young	Brooklyn	3

The 31st Fleet Division at New Rochelle, N. Y., having been rated the highest standing Naval Militia Division in the State by the Naval Reserve Inspection Board, was awarded the Josephthal Trophy for Naval Efficiency valued at \$150. The Marine Companies are not inspected by the Naval Reserve Inspection Board and the factors used for calculation of efficiency were established by this office. Company "C" 1st Marine Battalion at Rochester, N. Y., was awarded the Josephthal Trophy for Marine Efficiency during the year 1937, valued at \$75.

10. *Armories.* The armory of the 4th Battalion at Whitestone, L. I., N. Y., constructed by the Works Progress Administration, is at this time, with the exception of a few minor operations, a completed structure. New armory families are desirable at Buffalo, N. Y., Dunkirk, N. Y., Watertown, N. Y., and at Ossining, N. Y. There is a movement within the group of officers of the 1st Battalion, N.Y.N.M., to seek the erection of a new armory for their organization in connection with the general improvement of the waterfront area along the Hudson River. This proposed armory could well be made part of a water-gate to the City of New York and it is hoped that Commissioner Moses will give this project his favorable consideration.

I wish to express my appreciation of the sympathetic interest in our organization shown by His Excellency the Governor, the cooperation that my office has received from the Adjutant General, the consideration given this office by the Director of the Budget and other State officials with whom we have come in contact during the period of the report.

F. R. LACKEY,
Rear Admiral, NYNM.

APPENDIX C

Report of the State Ordnance Officer

The State Matches

The attendance at the 1937 State Matches exceeded that of any previous year of record and the competition was such that new records for both the Brigade and State Matches were set.

The record for the Brigade Match (1691) was twice broken this year. The 174th Infantry Team scored 1,695 points only to be exceeded by the 107th Infantry Team with 1,716 points.

First Lieutenant R. A. Nott, of the 107th Infantry, set a record for this match by scoring a possible at each of the three stages.

The new high record for the State Match, made by the 107th Infantry Team, was 3,938, an average of over 328 points a man.

Range service during the matches was effected by a detail of eighty enlisted men from the National Guard and twenty-five enlisted men of the Naval Militia. An effort was made to secure a larger number of National Guardsmen, this having been authorized by the Adjutant General, but we were unable to do so.

A new type of portable telephone desk was used with very satisfactory results this year.

The presentation of trophies at the conclusion was made by Captain Leo W. Hesselman, Chief of Staff of the New York Naval Militia, and a vice-president of the New York State Rifle Association.

The Governor's Honor Men, who are the thirty high members of the New York National Guard and Naval Militia attaining the highest aggregate score in all the individual matches of the State of New York and of the New York State Rifle Association are the following:

Name	Aggregate
1. 2nd Lieutenant John F. Schaub, 106th Inf.....	473

THE MACNAB TROPHY MATCH

(Qualification Dismounted Course)

5 Entries

Won by Company I, 107th Infantry—Team Average..... 93.87

The National Matches

The State of New York was represented by three teams in the 1937 National Matches—1 National Guard, 1 Naval Militia and 1 Civilian.

The National Guard team was, in the main, selected from the Governor's Honor Men for 1937 and after successive tryouts to reduce the number to the authorized twelve firers, the result was a team which included members from six Infantry Regiments and the 102nd Engineers (C).

Colonel Odgen J. Ross and Major William H. Innes, 105th Infantry, Officer in Charge of the Karners Range, were of the greatest assistance to the team in permitting us to house our men at the Schenectady Armory and use the range for a week prior to departure for the National Matches. The use of the 1,000 yard firing point on this range was secured through the cooperation of the Adjutant General, who effected a temporary lease for the purpose.

A station wagon was again assigned to the team by the Commanding General and was of inestimable value in our work at Camp Perry. No new team equipment was purchased this year, but we were fortunate in obtaining the use of a splendid telescope from Mr. Otto Troutman of the Bausch and Lomb Co. With this for our use, we were enabled to assist the civilian team by loaning them our regular team telescope. I believe that it would be well to consider the purchase of a suitable team telescope for the use of the civilian team. This scope could be left in the custody of the State Ordnance Officer and issued to the team captains of the successive civilian teams.

The three teams acquitted themselves very creditably in all the matches in which they were entered and their conduct was such as to merit the commendation of the officers in charge of the Matches. There was no serious illness among any of the team members. The program of the National Matches was arranged in a manner which permitted of ample practice at all stages and Colonel Endicott, the Executive Officer, and his assistants were most cooperative at all times.

The New York National Guard Team was composed as follows:

Team Captain

Lieutenant Colonel Henry E. Suavet, Headquarters New York National Guard

Team Coach

Captain Thomas E. Brown, Ordnance Department, State Staff

Principals and Alternates

1st Lieutenant Luther S. Smith, 369th Infantry
 1st Lieutenant Lynn D. Wallace, 174th Infantry
 2nd Lieutenant John F. Schaub, 106th Infantry
 2nd Lieutenant Harry A. Manin, 102nd Engineers (C)
 Sergeant Burr A. Evans, 102nd Engineers (C)
 Sergeant David C. Bradt, 105th Infantry
 Sergeant Robert L. Deverall, 107th Infantry

- Private 1st Class C. Frederick David, 165th Infantry
- Private John P. Nicolai, 106th Infantry
- Private Peter F. Rizzo, 102nd Engineers (C)
- Private Donald A. Wills, 106th Infantry
- Private Herman M. Lutz, 165th Infantry

The following members of the New York National Guard Team won legs on their Distinguished Marksman's Badge (Rifle):

- 2nd Lieutenant James R. Herron, 105th Infantry
- 2nd Lieutenant Harry A. Manin, 102nd Engineers (C)

This was Lieutenant Manin's third and final leg and wins him the medal. Each leg was won in the National Individual Match in three successive years: 1935, 1936, and 1937.

The very fine results obtained by the New York National Guard Rifle and Pistol Teams were largely due to the efforts of Captain Thomas E. Brown, Ordnance Department, S.S., Team Coach of the Rifle Team and Private First Class Pedro H. Agramonte, 107th Infantry, Team Coach of the Pistol Team.

The results of the Matches as concerns the National Guard Team follow:

THE NATIONAL RIFLE TEAM MATCH

110 Teams Entered

Course: 200 yds., S.F., 10 shots standing. 200 yds., R.F., 10 shots sitting or kneeling from standing, 1 minute. 300 yds., R.F., 10 shots prone from standing, 1 minute 10 seconds. 600 yds., S.F., 10 shots prone. 1,000 yds., S.F., 20 shots prone.

Standing	Team	Score
1.	U. S. Marine Corps.....	2,788

NEW YORK NAVAL MILITIA

The New York Naval Militia Team was selected on the same basis as the New York National Guard Team and concurrent practice was held wherever possible. The Naval Militia Team consisted of the following and the results obtained are the subject of a special report by its team captain:

Team Captain

Captain Leo W. Heselman, Headquarters New York Naval Militia.

Team Coach

Lieutenant Russell Dodd, 17th Div., 4th Battalion.

Principals and Alternates

Bkr. 1/c Arnold G. Leidtka, 10th Div., 3rd Battalion
 F. 2/c William H. Laraby, 9th Div., 3rd Battalion
 Sea. 2/c Frank C. Majewski, 10th Div., 3rd Battalion
 A.S. Arthur H. Schmieder, 10th Div., 3rd Battalion
 Cox. William B. Luker, 10th Div., 3rd Battalion
 Sea. 1/c Warren A. Greenfield, 3rd Div., 1st Battalion
 Sea. 1/c William J. Pfau, 16th Div., 4th Battalion
 Sea. 1/c Frank J. Preston, Jr., 32nd Fleet Div.
 Sea. 1/c Frank B. Viska, 1st Div., 1st Battalion
 F. 2/c Irvin H. Kennedy, 32nd Fleet Div.
 Sea. 2/c Lawrence A. Kelly, 16th Div., 4th Battalion
 F. 3/c George A. Schulde, 16th Div., 4th Battalion

NEW YORK CIVILIAN TEAM

The New York Civilian Team was selected by competitions which were held at Rochester, N. Y., and Camp Smith, Peekskill, N. Y. Every effort was made to insure adequate publicity of the tryouts and every civilian shooting club in the State of New York, which is of record with the National Rifle Association was notified of the time and place of the tryout.

Mr. Eugene B. Mechling, of Scarsdale, N. Y., who was captain of the 1936 Civilian Team No. 2, accepted the captaincy of the 1937 team and is to be highly complimented on his very efficient management. The team was composed as follows:

Team Captain

Eugene B. Mechling, Scarsdale, N. Y.

Principals and Alternates

Chester P. Perkins, Schenectady
 Albert J. E. Shay, Brooklyn
 E. Orville Domras, Bowmansville
 Arthur P. Jones, Albany
 Charles Frost, New York City
 Charles W. Newell, Elmira
 John R. Wark, Buffalo
 William S. Brophy, Yonkers
 Charles J. Polk, Troy
 Walter H. Shanessey, Brooklyn
 William J. Mott, Schenectady
 Lloyd L. Root, Elmira

The members of all three teams who had not previously graduated from the Small Arms Firing School attended the 1937 course and were awarded certificates of proficiency.

Pistol Matches

The New York National Guard Pistol Team was the winner of a plaque for the 45 class for high 45 cal. pistol team in the Teaneck Police Pistol Matches. These matches are attended by teams from all over the country and have assumed considerable importance in pistol competition.

The results of the various pistol matches follow:

THE INTERSTATE MATCH
 Qualification Dismounted Pistol Course
 2 Entries

Won by New York National Guard Team No. 1—Team average....	95.93
2nd New York National Guard Team No. 2—Team average.....	93.75

THE LUQUER MATCH
 Same Course as Interstate
 2 Entries

Won by Team of the Organized Reserves—Team average	96.92
2nd National Guard—Team average	96.63

The National Guard Team was composed entirely of members of the New York National Guard.

Medals for individual high scores in the Luquer Match were awarded as follows:

First—Gold Medal, Captain H. E. Hill Org. Res.	98.83
Second—Silver Medal, 2nd Lieut. J. R. Herron, 105th Inf.	98.33
Third—Bronze Medal, Captain R. A. Devereux, 157th Inf.	97.83

THE INTER-DIVISIONAL PISTOL TEAM MATCH
Same Course as Interstate
4 Entries

Won by 27th Division, N. Y. N. G.—Team average 95.69

High score in this Match was made by Captain R. A. Devereux, 107th Inf.—Score 98.5.

THE STARK TROPHY MATCH
Special Course
4 Entries

Won by 1st Division, U. S. A.—Team total 1,344
2nd 27th Division, N. Y. N. G.—Team total 1,331

High score in this Match was made by Captain Alfred N. Gormsen, 102nd Eng. (C)—Score 286.

THE EAST COAST MATCH
National Match Course
4 Entries

Won by 77th Division, Organized Reserves—Team total 1,177
2nd 27th Division N. Y. N. G.—Team total 1,172

Third high score in this Match was made by Captain Richard A. Devereux, 107th Inf.—Score 246.

THE INTERSTATE-INTERCOLLEGIATE PISTOL TEAM MATCH
(The Schwartzkopf Trophy)
(45 Class)
5 Entries

Won by New York National Guard—Team total 1,415

The individual high scores in this match were as follows:

1st—Sergeant Edward J. Walsh, 101st Cavalry 289
2nd—Sergeant Burr A. Evans, 102nd Engineers (C) 287

The progress in small arms practice in the New York National Guard continues to be satisfactory. The qualifications in the various weapons in 1937 were all in excess of the National Guard Bureau requirements and there is no doubt that the State and National Matches have much to do with the continued interest. The ammunition issued was generally satisfactory and in sufficient quantity to permit of the carrying out of our program.

With respect to the reserve ammunition, the constant regrading of ammunition has resulted in a serious shortage of calibre 45 ball ammunition.

Due to the fact that we were prohibited from firing over a period of years, we were unable to effect the normal transfer and replace-

ment of this type of ammunition with the result that much of it has since become unserviceable. Measures are now under way to obtain replacement and to assure adequate reserves.

The method of inspection and repair of small arms has just been changed by the Corps Ordnance Officer and repairs are effected at the time of inspection wherever possible. This new method makes for much greater efficiency and has been the subject of considerable favorable comment by the officers concerned.

HENRY E. SUAVET,
Lt. Col., O. D., NYNG,
Ordnance Officer.

APPENDIX D

TABLE I. LOCATION OF REPORTS OF THE ADJUTANT GENERAL AND REPORTS OF STRENGTH OF THE MILITIA, 1801-1856

**Complete Military and Naval History of Officers of the Militia
of the State of New York Who Were Discharged, Dropped
or Who Died During the Year 1937 and So Stood on
December 31, 1937**

ABBREVIATIONS

NOTE.— Unless, otherwise specified, where an organization is shown in this register as 10th Infantry, 106th Field Artillery, etc., it will indicate a REGIMENT of Infantry or Field Artillery, etc. Letters or numbers in parentheses, viz.: (A) or (28) indicate unit of organization to which officer is assigned. The term "organization" will mean the regiment, brigade, division or higher command, also separate battalions, squadrons, companies or naval divisions. The term "unit" will mean the battalion, company, troop, battery, detachment or naval division of a regiment, brigade, division or higher command or of a separate battalion or squadron.
