" " " 1. "	" " " 2. "	" " "	" " "	Feb 5 th - 3. 65

If a full company or companies of recruits were received, state what letter they assumed and what companies were consolidated to make room for them

ENTERING THE SERVICE, &c.

Departure from camp. Date, Dec 2nd 1861. Strength of command, 150. Men. 5 Officers.

Departure from State. Date, " " " Strength of command, " " "

Ceremonies attending departure from camp or State: Many of the most prominent men of the Town accompanied the Command to N.Y. per Steamer from Flushing and many Gifts were offered to the men as tokens of their regard.

Destination on first leaving the State: Washington D.C.

Route, with dates and incidents or accidents, modes of conveyance, &c.: Dec 2nd 1861. from Flushing, per Steamer to Amboy and thence per Rail-Road to Washington D.C. Men all behaved well on the Route, no accidents, Weather pleasant while en route.

Date of arrival at destination: Dec 4th 1861.

Inspection upon entering service:

[Give names and rank of Inspecting Officer or Officers, and time, place, &c. If the organization was previously mustered into the State Service, give the date, place, and term, the name and rank of Mustering-in-officer, &c.]

Inspected by Brig Genl. Barry at Camp Barry, east Capitol Hill, Washington D.C., Dec 5th 1861. - Chief of Artillery - Army of the Potowmack.

This Command was mustered in the State Service on the 22nd of Sept., at the N.Y. Arsenal in White Street 1861, for three Years or during the War, But I have no Reference, who were the Officers that mustered the Command.

Ordnance and arms supplied; description of arms furnished, specifying kind, calibre, where, when, and from whom received, changes, losses in battle, &c.:

6 Siz Splendid 3 inch Rifle Ordnance Guns received from Col^r Ramsay Washington Arsenal, Washington D. C. Feb 1861. - 3 returned to Washington Arsenal Sept 1862 by order of Genl. Couch from Poolesville Md. the remaining four pieces turned over to Capt. Buckley 1st Rhode Island Battery, by order of Major Genl. Burnside January 17th 1864 ^{Massachusetts, Penn., etc.} previous to leaving Tennessee on our Petersen Furlough to the State of N.Y.; our former Capt. had from the State N.Y. 150 one hundred and fifty Cavalry Sabres, 150 one hundred & fifty horse pistols also from the State N.Y. the latter he took with him on his discharge from the Command to Flushing N.Y.

After I had been in Command from May 23rd 62 to July 1862 I have had this Experience that the Sabres were more of an encumbrance to Artillery men than benefit, I turned over to the ordnance officers at Little Washington Pa, 127 one hundred and twenty seven, of the Sabres, I have never lost any guns had several times the apal shot of the pieces, but always got the pieces off in safety. At Sulpher Springs Pa Augt 24th 62, at the Battle of Campbell Station Tenn Nov 10th 63, April 1864 I drew a new Six Gun Battery at Washington D.C. and returned the same again at Washington after the close of the War June 8th 1865.

Uniforms first furnished; where and from whom received; their quality:

From Quartermaster N.Y. City, Sept 1861. Quality very good not knowing from whom received as no receipts came into my hands.

Horses; number received, and number lost in the service, &c.:

Total Number of Horses drawn 395, at various times turned over to the Government 280, killed in action or died of their wounds 101. lost by fatigue and other deceases 64.

Assigned to what Brigade, Division or Corps, with dates and changes:

Assigned to Sturgis Brigade May 26th 1862, July 7th to 10th Army Corps Genl. Banks, Augt 22nd temporarily assigned to 11th Army Corps Genl. Siegel, Comdg., Sept 5th at Langley Pa, ordered to report to 10th Army Corps, October 6th 1862 permanently transferred to the 9th Army Corps at Antietam Md, with which the Battery served through all its Campaigns and Marches until our final discharge from Service June 24th 1865.

HISTORY OF FLAGS.

How many Flags have been carried by the ~~Regiment~~ ^{Battery}, and what is the history of each?

[Give a history of each Flag presented to or carried by the Regiment, stating, 1st. If presented, by whom presented, with names of donors and time, place and circumstances; 2d. Whether National or Regimental; 3d. Whether silk or bunting; 4th. In what battles carried; 5th. How much and in what part worn or injured; 6th. How many bullet holes it shows; 7th. Names of Color Bearers and of color guard who were killed or injured in battle; 8th. If lost in battle, give date and circumstances; 9th. If returned to the National or State authorities, give date; 10th. If returned to original donors, give names and place of present deposit; 11th. If accompanied by original staff, state if such staff was injured in battle, or if staff was lost, give facts.]

3. Three Guidons have been carried by this Command during our 4. four Years service.

First a fine Silk Swallow tail Guidon marked Hamilton Light Artillery and Staff with silver plate in centre marked Hamilton Light Artillery organized 1839 & 1861, this is the original Staff and carried through out the War.

This beautiful Guidon and Staff was presented to the Command at Camp Todd Sept 1861. - By Hon. Luther C. Carter of Flushing he showed much patriotism during our organization.

Presentation Ceremony, Prayers by Rev Mr Smith, Speech by Hon L.C. Carter and Genl Hamilton, a very large audience attending. the Flag was handed to Capt Robinson and to all the Officers, and men in succession, each one embracing it separately with uncovered head and to honor that Flag so long as life remained, that each one binds himself to remain true to the Flag and the Union, if it must be, at the peril of their lives.

This Guidon was not however worn long by the Command after our Consolidation from Hamilton Light Artillery to Battery L 2nd N.Y. Arty. it became necessary that we should have a Guidon, so that the Command would not be mistaken on the Field of Battle, therefore this Guidon was taken from its staff and laid by to be replaced by one drawn at Washington, before our departure for the Field of Action May 29th 1862.

This second Guidon is marked Battery L 2nd N.Y. Arty, - Cedar Mountain, Sulpher Springs, Manasses, Fredericksburg, Ricksburg, Knoxville, it has seen much service and participated in the Battles of Cedar Mountain, Sulpher Springs, Gainesville, Manasses or second Bull Run Point of Rocks, Antietam, Fredericksburg, Pittsburg, Jackson Miss, Blue Springs, Lenore & Campbell Stations, here Emile Everard the Guidon Carrier had his horse shot from under him but saved his Colours, at the Siege of Knoxville from 17th to the 29th of Nov 1863, the Guidon received considerable damage from the enemy's severe fire on our Works'.

The terrible charge on our Works by Genl Longstreet, Rebel, to capture Knoxville and all its Garrison, but they were handsomely repulsed by Burnside's forces with great losses to the enemy, before daylight 29th of Nov. 1863.

December 12th & 13rd at Rutledge Tenn.

Sent to the State of N. Y. January 17th on our Veteran
furlough to Flushing L. I. for reorganization.

February 12th 1864, the Command was presented with a
Flag by the Ladies of Flushing, but not being suitable to
our Arms was returned the following day.

At Annapolis, Maryland April 3rd 1864.

I received a most splendid Silk swallow-tail Guidon
donated to the 34th N.Y. Light Inf'ty. Veteran Vol. Battery
from Miss Celia L Roe.

of Flushing L. I. N. Y.

Inscribed thereon 34th N.Y. Inf'ty. P. V. Battery
Cedar Mountain Sulphur Springs Manassas
Fredericksburg Va,icksburg & Jackson Miss., Knoxville Tenn.

The same day it was presented to the Command in the name
of Miss Celia L Roe of Flushing. also the letter accompanying the
Guidon was read to the Command.

It was received with much enthusiasm, of which a copy is
transmitted, and this Guidon as the Maiden herself
presented it, yet shone with a bright lustre, in triumph
through all the fierce Battles of the Wilderness, Spotsylvania
North Ann, Gains Farm, Salem Church, Cold Harbor, and
before Petersburg with out much injury, untill the 30th of July
on our exploding the Rebel Fort at Cemetery Hill, its upper
right corner was carried off by a piece of the enemy's shell, and
the furl at the bottom of the staff, while it was planted
on the Rampart of Fort Wilcox near the crater, and several
bullets also pierced the starry Blue on the upper left.

September 30th 1864, At the Battle near the Pogram House

Richard Reddows, Guidon bearer in the height of the Battle

A charge was made on this Battery, and with great
perseverance on the part of Officers and men the Battery
was saved, and in the great tumult of Roasting shot
and shell, the Guidon Carrier's horse became unmanageable
rearing and plunging, that Reddows dropped his Guidon
he found it impossible to manage his horse and retraced his steps
to recover his Colours, So in the height of the Charge he
jumped off his horse and ran within one hundred
yards of the advancing enemy's lines, and recovered his
Colours without injury to himself.

CAPTURES FROM THE ENEMY.

Have any Flags been captured by the Regiment from the enemy? If so, give date of such capture; number of flags captured, and name of regiment or organization from which captured, and other facts:

For which act he was highly recommended from this command to the Comdg. Genl. and endorsed by Brigt Major Genl. Wilcox Comdg. 1st Division Ninth A.C., in accordance with Order No. 364. Army of the Potomac.

December 23rd 1864.

Capt Reeser, Officer
& Members - Flushing Battery

Gents - Having been informed that the "Ensign" presented to your Corps by the Ladies of Flushing, was not adapted to the Branch of the service to which you are attached. I would therefore beg your acceptance of this "Guidon", which may be more appropriate. This emblem is tendered not for its intrinsic value; but as an acknowledgement of the valuable services rendered our common country. And to remind you of the gallant deeds yet to be achieved in order to give blessing and peace to a grateful land.

Confident that this Flag is not committed to cowardly hands; but to those who never have nor never will falter; nor allow it to become the guide or signal to anything inglorious. Bear it then before you "Braves". Unfurl it to the breeze, in the face, and in defiance of every foe; and let your acknowledged skill and courage, assist in

Have the Flags captured by the Regiment been returned to the War Department or to the State authorities?

If so, state the number and date:

making brief the strife, in which our hitherto peaceful land is now involved; and after you have accomplished the noble object of your mission, may He, "who directs the destiny of Nations", restore you all in safety to your respective homes, to receive the plaudits of the community which you so honorably represent.

Signed } Miss Celia L. Roe.

Flushing March 30th 1864.

I certify on honor the above -- is a true copy of the letter accompanying Guidon No. 8 from Miss Celia L. Roe, received at Annapolis Md. April 1864.
David M. Barnes. Captain
Comdg. 84th N.Y. Inf't' & F.F. Battery

Did the Regiment capture any guns, arms, ammunition, camp equipage, or other property from the enemy in battle? If so, please state facts and dates:

What disposition was made of the articles captured? If returned to the War Department, give date and facts:

Did the Regiment capture any prisoners of war in battle or otherwise? Give number and dates, and other circumstances:

This Command has not captured any prisoners but materially aided in the Capture.
And especially on the morning of the 25th March, 65, when the enemy broke through our line at Fort Steadman before Petersburg Pa.
The Rebels made a charge on Battery No 9 and meant to flank Fort MacGillyver, a gun was run upon the parapet of the Fort and fired over the Fort into the rebel ranks as they advanced, in the meantime I had some 20 Percussion shells thrown in the Norfolk Road, Col. Grant of the 8th Michigan Rgt., had time to advance and cut the Rebel retreat off, so by this operation we got 319 men and 17 Officers prisoners, 127 dead and wounded in the road.
Fort MacGillyver and Fort Haskell were the two posts for operation they being the two flanking Posts, at Steadman were captured over 2200 prisoners, and several hundred dead and wounded before 8 O'clock that morning -

GENERAL SERVICES.

Battery

June 7th, Hart Island June 10th 1865, Mustered out Paid and sent to Flushing L.I. June 24th 1865. 5 Officers, 118 men,

[Give the names of each; with the date; position to which assigned; time of beginning and end of engagement; particular services, if detached from the main body; number of killed, wounded, prisoners lost, and losses by manner unknown. Also facts relative to the burial of the dead, and the care and disposition of the wounded, the general results of the battle as affecting the organization, and any other facts of interest.]

First Battle Cedar Mountain August 9th, 62, 12 a.m. first shot lasted until sun down, Battery Position 4 pieces in centre of line of Battle right section on the left wing, 7 horses killed and wounded, fired 750 Rounds, Genl. Crawford p[er]sonal friend of this Battery, Rappahannock Station 21st & 22nd Augt. below the station, Augt 23rd one section with Genl Bayard Cavalry scouting, 4 pieces with Genl. Siegel, at Sulphur Springs 24th had an engagement fired some 800, one axle broke, several horses wounded, injured piece sent to Washington, Waterloo Bridge 25, Burning of the Bridge drew some 60 pounds of shot, Gainesville 27th & 28th fighting all along the road by section, and skirmishing with the Rebel advance guard lost 4 men Prisoners, Battle Manasses Augt 29th & 30th 4 a.m., in position in centre, 9 a.m. ordered to position extreme right, hard press and close watched as the Battery were nearly surrounded by woods, 10 o'clock sent for more support of Infantry, which Genl. Schuyler sent me held my position till half past two O'clock, when I was relieved by Hamptons Penn Battery to rest men & horses, But not advancing before Genl. Siegel sent for my Battery saying that the left wing was so hard press, I pleaded for my exhausted men and horses, the Genl. answered never mind Captain about men & horses, how many rounds of Ammunition have you yet, 500 out of 1200 was the answer, the Genl. turning to Capt Dahlgren said Capt you accompany Capt Reamer immediately to the left, Sherman's Battery is annihilated and that position must be held at all hazards, This Command recovered the Foothills hope on the 29th Augt with much praise to this Command from the Genl. Comdg., without any damage to the Battery, Augt 31st in reserve but 12 o'clock the Battle raged furiously when Genl. Shantz galloped up to Battery saying Reamer we can't do without you bring your Battery in position below the house, the rebels are driving our men out of the woods into the Gap below, Baty in position opened a brisk fire on the enemy's lines, but our extreme left wing had given way, so it became necessary to change my position to the left, to help restore the broken line if possible, I had just gained my new position when we were well peppered with a shower of Canister Bullets, Shrapnel case shot &c, It did not last over 5 Minutes 13 men wounded 1 Sergt. mortally, 20 horses severely, Myself & Horse also wounded, but all the horses wounded kept their legs to give the Battery a safe position, one of the pieces was struck by 20 lbs shell ^{and} axle broke one horse killed, driver wounded, Officer captured with all, My wounded Sergt. wasn't taken, the other 13 men wounded slightly - all doing well, Sept 2nd & 3rd fall back to Langley under a continual

fire, no casualties, Battle Antietam 1 section at point of Rocks with Col. O'Neill, on observation no casualties.

Battle Fredericksburg. Battug L. 2nd N.Y. Art'y, assigned to 3rd U.S. Battery to form the right wing of the Grand Army of Potomac, Com'd by Brig Gen'l Hays positions assigned to three four Batteries, Falmouth heights, on the left bank of the Rappahannock to take position during the night of the 11th Dec, Action command 4 O'clock A.M., 11th Dec; About 10 O'clock A.M. some of the rebel Batteries opened a Cannonade on our right wing to find out our strength, but to no purpose or damage to us, on the 12th the Battle raged furiously on our Center & left but the right wing was only occasionally disturbed, untill about 5 O'clock P.M. when the enemy opened 20 pieces on us, but no infantry could maneuver between us, fired some 200 rounds, 13th 10 O'clock A.M. received orders from Maj Gen'l Sumner to repair & report at the Lacy House with Battery as speedily as possible to stay any pressure that might be made on our lines from the enemy, fired some 400 rounds in all, 2 men slightly wounded and three horses ^{injured} in the woods, The siege of Pickensburg Miss from June 19, 63. to July 4th, 63. Siege of Jackson Miss, July 11th to 17th no casualties but men & horses suffered intensely from heat on the marches almost unendurable, Blue Springs Tenn. Octo 10th in action from 4 P.M. till sundown, the Battery had to be brought upon a high Mountain, 1 section was brought up with 12 horses apiece, and men with ropes to steady the pieces and prevent them overturning No casualties, 3 men taken prisoners Octo 30th, 63, Lenoir Station Tenn Nov 15th, 63, in action from 5 to 6 P.M. at 9 P.M. a charge on the Battery handsomely repulsed no damage, Campbell Station Nov 16th in action from 11 O'clock A.M. till sun down 2 men mortally wounded, drivers not belonging to the Battery only temporarily detailed as extra drivers, 1 of my men slightly wounded, 1 horse ^{Killed} wounded and 3 wounded one apple shattered but the piece brought off in safety, fired 441 rounds.
Luit. Heasley was ordered with one Section 5 A.M. to support Col. Humphreys ^{Brigade} to cover the retreat from Lenoir to Campbell Station, he deserves much credit for his skill and perseverance also Sergt Rossbach & Sergt Starkins, Col. Humphrey spoke in the highest terms of the commissioned and also of the now-commissioned Officers, ^{he said Capt you} have men or else you would never have seen your splendid pieces anymore. On several occasions that morning the men actually had

to lay down on their faces and drag the pieces in position so that the men could take hold of them before they were shot at from the enemy's advanced Guards, But the boys made them shy of their pieces or else they would surely have taken them from us. Many of the Officers & men lost their clothing on account of the very ~~bad~~^{heavy} roads the Baggage Wagons had to be lightened of their burdens, or else fall into the hands of the enemy if not speedily got out of the way, Horses & Mules worn out for this was the fourth day in Karns, night & day. Officers and men of the Command received the General's Congratulations for good behavior in this action and accurate fire in particular. Retreat to Knoxville during the night

Siege of Knoxville Nov 17th to 29th 63, at 6 A.M. . Battery L 2nd N.Y. Artillery was assigned to take position on east Tennessee College Hill, and improve the late constructed Rebel works, this position is the highest point in the immediate vicinity around Knoxville and full 3 quarters of the compass with good and effective ranges, With my 4 Rifle Pieces after 6 nights & days hard labor with a very scanty supply of working tools, green hailes, Boards, Dogs^{etc} were taken out of necessity, owing to the scarcity of other materials, to construct Fortification, Men and horses on Quarter rations, and these quarter rations consisted of bread made of Rye, Middling, Bran, Barley &c, this was miscellaneously made into bread, Officers & men facing alike, and with astonishing harmony and perseverance of the men to work as ~~the man was~~ ^{each} aware of our situation, Our only hope was Genl. Sherman, to hold out till he could come up from Sweet Water and London, and by a daily promise for a week, hard work night & day to strengthen our works, and constantly watching the enemy's line, not to allow them to encroach on inch, Left Section sent to fort Sanders Nov 20th during the night, I had my Works constructed with Traverses around the College Building, to keep the enemy in ignorance of the number of my pieces in the works, as I could shift them at any time without being observed and fire from all points of the Fort, the enemy as afterwards ascertained, firmly believed that we had at least 7 to 8 pieces on College Hill Late in the evening of Nov 28th I received a verbal & private order the

General is desirous, If things should come to the worst, to disable your horses and guns, so that they cannot be used against us, I had previously made up my mind rather to die in my works in preference to being captured, I said that I could not comply with this order but said, till the Genl. I will give the Rebels a shot for every horse and for every spike he wishes me to destroy, and if I cannot shoot any more I have the spikes in my pocket, then I will spike the pieces and let them go, at 10 P.M. a faint charge on the whole front, men at their posts all night and everything reported for action guns loaded, at 3 a.m., 100-29th the terrible charge on Fort Sanders which resulted almost in the utter annihilation of Longstreet's Army. We took nearly 1,000 prisoners and 3 to 400 killed & wounded. I lost several horses killed & wounded, no other losses to this command Fired 213 rounds, the loss of this corps was only 9 killed & several wounded here the command was mentioned in Special Order No 77 Dec 12th 63 from the Commanding Genl. to the Troops.

Bull Run Dec 12th 1863, no casualties.

Wilderness Va, May 6th 1864 from 4 P.M. till sundown no casualties Spotsylvania Va May 9th to 14th, May 9th in position at Gaines Hill 9 A.M. Opened fire at 10 A.M. ordered forward across the Run engagement lasted till sundown fired 380 rounds, 10th quiet all morning in action from 4 o'clock till sundown, fired 340 pounds silencing the enemy's battery in front of Spotsylvania Court House, fell back during night remained quiet all day until 5 P.M. on 11th ordered in position near the Beverly house and immediately in front of Spotsylvania Court House, remained in position all night, morning of the 12th very foggy until after 9 A.M. this was the extreme left of our line, the battle raged with the greatest fury, at 10 A.M. having 10 pieces of artillery against my four, the enemy had just opened 6 pieces on our extreme left behind a large farm house, by this they had a heavy cross fire on my 4 pieces. My position became critical, until I ordered percussion shells to be thrown into this house to set it afire if possible, this was effected and the battery soon withdrawn, and

turning 4 Pines on the Rebel 4 Pines at the Court House, soon made them withdraw also with the Cavalry in front of the Court House back into the woods, This raised a great shout from our infantry for Old Battery L, now called Veteran 34th N.Y. Light Battery sent to the centre that I had succeeded in ^{Lodging} displacing the enemys

Batteries on my left and front, 2 P.M. the battle was now raging most furiously centre and right of our Corps, ordered to hasten the 4 Pines to centre and right, As I arrived I saw a position on knoll, on the right of our Corps, No Artillery was posted there, I did no more and posted my pieces, when they made a most terrible charge to make a break on 9th & 2nd Corps, in this my 4 Pines done great service, my right Section had been under command of Lieut. Headley all day on the centre and done well, action till Sun down fired 750 pounds, 2 men wounded, 3 horses killed, 4 wounded Received the highest Congratulations from Genl. Comdg 9th Corps and also from our Division Genl. Wilcox in his order to the Troops Veteran Battery has distinguished itself again.

May 16th fired 18 rounds during the day on our left, 17th quiet all day orders to keep ourselves in readiness at 3 A.M., 18th an attack on our flank 5.30 A.M. fired 25 rounds, heavy attack in the afternoon this day fired 287 pounds, 21st to 22nd cutting wood, cutting to repair breastworks, in the woods near North Ann River, 23rd arrived at North Ann River threw up breastworks during the night, opened fire 8 A.M. 24th lasted all day, principally at the enemys works across the river fired 473 pounds, May 25th opened fire 5 A.M. till 8. 79 rounds, 2 horses wounded May 26th fired 49 rounds by order of Genl. ^{Harrison} Allego to shell the woods to assist him to advance on the opposite side of the river with good effect May 30th in position near Salem Church with 6 Pines and 7 Maine, fired 2 rounds 1 horse wounded.

Salem Church June 2nd at 12 O'clock in position, advanced 5 miles in position, at 2 P.M. heavy engagement attacked from the rear and flank fired 237 pounds. June 3rd 64, in same position an advance throwing up works 1 man mortally wounded and several horses

I killed fired 228 pounds, June 6th Cold Harbor, threw up works during the night, opened fire in the afternoon of the 7th fired 57 rounds 1 horse wounded, 24 pounds after 4 P.M. At 2 A.M. 9th changed position from Fort Clement to Fort Fletcher, Cold Harbor, strengthening works, fired at regular intervals during the day 97 pounds 10th fired 60 pounds with reduced charges from 5 to 6 ounces of Powder with good effect.

June 11th fired 27 rounds 1 man mortally wounded sent to Ninth Corps Hospital, 12th 2 men taken prisoners, withdrew from Fort Fletcher at 8 P.M., 16th before Petersburg 5.30 P.M., threw up works in an open field during the night, opened fire 4 A.M., 1 P.M. advanced some 1000 yards further out in the open field, blew up some works using the timber from the works, blew up two of the enemy's garrisons in rear where Fort Morton now stands, Major Morton killed the fort bears his name, fired 160 pounds, advanced during the night. June 18th 1864 advanced at daylight in rear of a skirt of woods, and on same spot where the Rebel Garrison was blown up

11.30 A.M. I was ordered too, and prepared to mask 10 pieces of Artillery 4 of my rifle and 6 light 12^{lb.} of Capt. Twitchell 6th Maine Battery through this woods and on the inner edge facing Cemetery Hill 50 ^{soon} men cleared the tangled undergrowth, and 30 men from the 24 N.Y. Dismounted Cavalry, Com'd by Capt. Allen, assisted me in maneuvering the Artillery by hand in this movement, as we were now within a few hundred yards of the enemy's lines and horses could not be at all times used, at 10 o'clock P.M. my right gun to be fired the signal for the 9th 2nd and 5th Corps to advance out of the woods and also successively as the pieces were fired to be advanced into the open field, at this movement the Battle became general with the 2nd 9th & 5th Corps, about 2 P.M. our Infantry of the 9th Corps had gained the hill where Forts Morton & Willcox were afterwards built, and cut off the Norfolk Railroad in order to sustain our Infantry in out, one of my rifle pieces advanced some 25 yards but it being impossible for horses to pass, they were unhitched and run back under cover, this piece could not be maneuvered

I ordered Capt Allen with 13 of his men to assist the Cannoniers, to turn the piece some 250 yards more to the front and behind an old Barn, by this I could sweep the Railroad Cut in front of the 2nd Corps of the Rebel Infantry who harassed our Infantry very much from this position, The 9th Corps being several hundred yards in advance of the 2nd Corps, and our Infantry were much exposed to heavy flank and front fire, this pieces rendered much service with the support of 9 pieces in rear, to our Infantry, Corn stalks logs and earth were used to throw up a hurried shelter for the exposed Cannoniers, 3 of my men slightly and 10 of Capt Allen severely wounded. Our 3rd Division 9th Army Corps is said to have lost over 2,200 killed & wounded, Capt Allen & men deserve much praise for their soldierly bearing, threw some 80 rounds in Petersburg, first 538 rounds, laid out works for the pieces, Strengthening pieces in front, by aiding another, 19th fired 123 rounds 2 men and several horses wounded.

June 20th fired into the City and other Rebel Works 72 rounds 2 horses wounded, changed position during night on O'Haras place near Fort Steadman at 3 A.M., 21st, Lieut Thomas Beasley wounded in left shoulder 8 A.M., sent to Hospital, opened fire 3 P.M. on enemys line 300 yards distant fired 57 rounds, 1 horse badly wounded. 22nd at 7 A.M. opened fire on enemys Baggage Trains 37 rounds, 34th Battery relieved ordered to left and rear of our former position in an open field and poorly constructed Works being to low to fire with any over our Infantry, expended some 80 rounds from this position July 5th 1864 preparation to proceed to ^{Builey} Fort Wilcox, 4000 feet of timber from 8 to 10 inches in diameter were cut and hauled in rear of the prominent hill opposite the Crater from which the enemys line could be overlooked by 2nd 9th & 5th Corps, at front, immediately on the left of the Norfolk turnpike, 350 Fatigue Party and my own Command raised it in two nights, 3 killed and several wounded, July 7th the enemy made a heavy demonstration.

to silence our guns, and drive us from this position but they were mistaken, fired 100 rounds no casualties, This position was occupied by this Command to August 19th 64, the Crater explosion being one of its principal engagements, but before Fort Morton was built, this was the most important point on our line.

Myself and 4 men were wounded during our occupation, fired nearly 2000 rounds of shot & shells.

August 30th¹⁸⁶⁴ Self wounded in left leg again.

Sept 30th in action near Pegram Home Pa in the afternoon till sundown, Louis Brummar killed buried on Smith's Farm, 2 mortally & slightly wounded, 3 horses wounded, The 9th Corp army suffered very much in prisoners taken, Lieut. Measley & Lieut. Alonso Garretson of this command deserve much praise for gallant services rendered, especially in saving the Battery from falling into the hands of the enemy, All of the men behaved well in repulsing the enemy's charge upon the Battery, Fort MacGillyver on the right of Fort Steadman.

March 25th 1865, Fort MacGillyver Pa, 3.30 a.m. Guards report occasional firing in the direction of Fort Steadman, 4 pieces of mine and 2 light 12 lbs of 5th U.S. Artillery in Fort MacGillyver, 2 of my rifle-puds in Battery No 5, on my right on the Bank of the Appomattox River 800 yards distance, the night was very dark, 46th N.Y. Regtⁿ were my support in MacGillyver and Battery No 5. Col. Elly Comdg 2nd Brigade 1st Div 9th A.C. present at Fort MacGillyver, 4 A.M. We became aware that the enemy had broken through our lines at Fort Steadman, 2 or 3 aide-de-camps were sent to ascertain the facts, but to no effect until we saw at daybreak, Artillery firing from Fort Steadman to our rear line, Sent to Col. Elly that the game was up that the enemy had possession of Fort Steadman, and what has to be done to rescue our line from the enemy, the brave old Colⁿ turning to me said, ~~very~~ costly, Major whatever possible means lay in your power to rescue our lines,

The brave 46th I want you to open all

the Posts left of the Fort and 3 rifle Pieces to bear on Fort Headman on the supposed line of march of the enemy, done with very good effect, daylight had now so far advanced, that men could be discovered fitting in the Norfolk Cut Road, to out flank our infantry in the front line, and directly in rear of Fort Mac Gilroy, the Rebels had concentrated all their Artillery & Mortars on Forts Mac Gilroy & Haskell the two flanking Posts of Headman,

To dislodge this force in the Norfolk road, I ordered the front Piece to the parapet on the rear of the Post, threw some 20 percussion shell into the advancing enemys Column with such an effect that they soon Retreated, and Col Grant of the 8th Michigan Regt ^{his} took advantage of this, concentrated line towards Fort Headman and took 317 Men & 19 Rebel Officers Prisoners, with 127 Dead & wounded in the Norfolk Road, the Piece on the parapet ^{suffered much} was considerably damaged,

John B Bauer killed Self and Gunner, and 4 men wounded, M Fogerty, J Tracey & Keene the only remaining, out of 9 men, of this piece which deserve much credit, also Sgt Broebach & Sgt Cornell ^{who} commanded the other 3 pieces, for their accurate firing, Capt Praymayer of the 45th N.Y. Regt also deserves much credit for supplying the piece with ammunition and in urging the men.

after I had bin disabled, I have killed, find 370 rounds from this day till April 3rd the men were on constant duty night & day, The final Capture of Petersburg April 3rd 1865 - 3 more men wounded, The last Shot fired into Petersburg Pa 40 minutes after 3 Oclock A.M., April 3rd 1865 - the first June 18th 3 P.M., 1864.

Casualties, &c.

[Give a statement of those who were killed in battle, died of wounds received in battle, or by accident, died from sickness, were discharged from various causes, as physical disability, error of muster, or order of civil authority, &c. Also those dismissed, specifying those by order of President, by sentence of Court Martial, &c., and those transferred or captured. Also those who deserted, and if known, specify whether to the enemy or homeward. List of names of each class of these would be preferable, but in addition to this a tabular statement by companies is desired.]

Killed in battle	Dismissed by order of War Department....
Died of wounds received in battle.....	" " of President
" accidental wounds or injuries	Resigned.....
" sickness	Absent on furlough.....
" from causes unknown	" in hospital.....
Discharged on account of physical disability	Transferred to other commands.....
" " of error of U. S. Muster	Taken prisoners.....
" by order of civil authority	Deserted
" by expiration of term	Unaccounted for
Dismissed by sentence of Court Martial	Mustered out

Whole number on rolls of the regiment:

[Instead of furnishing the statistics above requested, a copy of the Muster-out Rolls of the Regiment would be preferred. Should the Muster-out Rolls be furnished they will be copied and returned.]

A copy of Muster Roll furnished
