

[No date]

[Dear Father]

I wrote you that I was out of money.. & I have been for a long time. I have not Borrowed of [sic] any one.

You send that you would send me some if I wanted. I would like a little if you could manage it without any inconvenience. this is a thing I hate to do to send home for money.

If I have the luck to come home on a furlough I shall get my transportation of Uncle Sam.

Answer this promptly & let me know how you are all progressing. & the particulars of what you speak & things in general. Tell Nett to be a good Girl. I will come home if I can. & To Addie & Mother & yourself I give my best respects & love.

Please remember me to all my friends. I am anxious to hear from them. Tell anyone where to address if there is any probability of their writing.

I will close this in hopes to get an answer promptly. I will be prompt.

Remember me as your

Son Albert
