the Boss said that so many of his old hands
was coming back that it would be all he
should want untill they started might the
commence saw next morning he told John he
might have a chance if he was here when the
mill started you will get a chance when they start
might with out doubt you had better come
with John Sunday for we commence Monday
if you can't com Sunday come Monday perhaps you
may get a chance now his old hands may not all
come let John see this so he will be here

I have sent one letter to you to day but I
forgot to put Paters address on I sent Greenfield
on so I think it will go to Perth Greenfield
now come over with John you will get a chance
I think if not you will see the men that
I spoke to and hire out to come when they start
