My Dear Brother (1007)

Deather is some  
better and will be home to  
morrow Wednesday if it is  
pleasant and she is no worse  
she will come on the cars  
and think it will be best for  
her as the roads are rough  
and there is no one here to  
take her I may come with  
her she wants you or some  
one to meet her at the cars  
your sister
