

Ballston Spa Jan 12th 1865

My Dear Aunt

As we have come to the conclusion to visit you I thought I would write and let you know that we intend coming to your place next Tuesday if the weather is good and if very cold or stormy we shall defer it until another day do not stay at home if you are going away or do any extra work because we are coming for we do not wish to make you sick. Have you heard from Freddie I hope he is well. We are glad to hear

That Mr Latham is able
to be out he is much better
than when you was here I
have not seen Bradleys folks
but once since you was here —
Miles called the other day a
moment and I gave him the
bundle you sent his Mother
Walter has gone to St Louis
probably will not return
very soon what an icy time
and how beautiful the trees
look fairly crystalized please
excuse this and oblige
your true friend and
Niece Sarah L. Carr

P.S.

Harvey sends his
love to you
