

Florida. March. 5th 808.

My Dear Friend

I have now seated myself
to answer your long looked for
Letter which I received last week
I will not wait as long as you
did to answer. I began to think
you had given me up entirely
I am writing to you with a full
sad heart. I must say to you that
I never have felt so down hearted
as for the two weeks you may know
that I feel bad when I give you
all the particulars, my Father has
sold his place. Now you see I
dont like to leave my Home

Where I have lived so long for the
Least 20. Years that is a long time
to live in one place I am not
going to keep House any longer
I am to move the First of April
I that will soon be here Oh Dear I cant
tell you how bad I feel when I think
of leaving my Home. It will never be
again as it once was I am afraid
I cant tell where I shall make it
my Home Get with my Brothers or
Sisters. I think it will be with Katy
She would like to have me stay
with her. and as soon as I get
settled I want you to come and
make me a Visit

Belk I must tell you that for three
days last week I could do nothing
but weep I know you will feel
bad for me when you have read
this!

I don't feel quite as bad as I did
It does not do any good to feel so
bad I may have another Home
Some time Good things comes slow
I will live in hope if I die in
dispare

P.S.

I expect to have a nice
Time Wednesday Night I am
going to attend the Firman's
Ball. at The Tonda Hotel
They are expecting a large company
I never can miss that if nothing
Happens. I would rather dance than
eat. You may think I am foolish
for saying so. Now let me must
tell you that Mother Cross has
Broken her wrist - she fell. She is
Quite miserable I feel so bad for
her

It happened right before lost.

I go to see them every day and some
twice a day they are such Pleasant
People they said I must give their love
to you

Now Lett I must bring this to a
close and hope you will write
soon dont wait so long as you did
before. Ples all mistakes and bad
writing for it ~~was~~ almost dark
I can hardly see.

From Your True and
Affectionate Friend

Anna Davis.

Ples write soon
with my Love to you
