GEO. W. PALMER,
Capt. and Provost Marshal.

THE DRAFT.—As yet the draft for this district has not been ordered, and it is not known at present when it will take place, but the public may be assured that due notice will be given. When ordered, it will take place at the headquarters of the Provost Marshal in this village. The draft is to be made publicly, and all may be assured that everything will be done fairly. That the Marshal has been faithful and impartial in the discharge of his duties must be admitted, and that all will share alike in the draft cannot be doubted. We cannot believe that there will be any disturbance here, when the draft takes place. Our citizens have too high a sense of duty to their country, and have too much respect for law and order to commit any rashness.

An order has been issued amending the clause directing that \$300 could not be paid or a substitute procured by a man, after presenting himself to the board for exemption by reason of physical inability. A man may have an examination, and if held, may then pay or get a substitute.

Publishers will be allowed every facility for procuring the names of all who are drafted, for publication.—[Dunkirk Union.

GEO. W. PALMER,
Capt. and Provost Marshal,
31st District, New York.

THE DRAFT.—The circular from Provost Marshal Palmer, announcing the time for commencing the draft in this District, appears in our paper to-day. Few documents have been published, we presume, of more general interest to our population. The preliminaries of the conscription have undoubtedly been conducted with the greatest fairness and when the decree of fate is announced every good citizen and patriot will accept with cheerful acquiescence, though his name may appear in the list of those called by the urgent necessities of the Government to take the field. The quota required from the town of Pomfret, including the 50 per cent added for exemptions, is 105, or 29 per cent of the number comprised in the first class. The list of those who draw prizes will probably be given to the public through the local papers.

The number of men enrolled in this District, in the first class, liable to draft, is 9,363 and the number to be drawn is 2,623. In this County there are 5,234 names enrolled and 1,469 to be drawn, and in the County of Cattaraugus 4,130 enrolled, 1,154 to be drawn.

THE DRAFT.

As will be seen by the order which we publish herewith, the draft for this district

is to take place at the Headquarters of the Board of Enrollment, in the village of Dunkirk, commencing on Monday next, the 17th inst. This order has been expected for some time, and now that it has been made, will relieve all anxiety about the matter. In Buffalo the draft has been progressing very quietly for a week past, and we have no doubt but when it occurs here, the strictest order will be preserved. As will be seen, certain towns as they occur in order, are to be drafted from each day, until the whole are completed. The towns of Dunkirk and Pomfret comprise the first and second sub-districts, and will be drafted on Monday.

No one can complain but what due notice has been given, and all interested are invited to attend. That the enrollment has been fairly made, and that all stand an equal chance to get or lose a prize, we cannot doubt. The conscription is not going to fall so heavily upon community as might be imagined at first. Very wisely, the framers of the law placed a fixed price upon the value of a man to the government, and that price is within the reach of nearly every man liable to military duty. True, \$300 is something, but if the price of commutation had not been fixed, substitutes would have been beyond the reach of all but the most wealthy class.

The number of men enrolled in this District, in the first class, liable to draft is 9,363; and the number to be drawn is 2,623. In this county there are 5,234 names enrolled, and 1,469 to be drawn; and in the county of Cattaraugus 4,130 enrolled, 1,154 to be drawn.

It will be seen that a whole week will be consumed in making the drawing. On Monday, the quota for the towns of Dunkirk and Pomfret will be drawn; on Tuesday, that for Sheridan, Hanover, Portland, Westfield, Ripley, Chautauqua and Stockton; on Wednesday, that for Arkwright, Villenova, Cherry Creek, Charlotte, Ellery, Gerry, Ellington, Poland, Ellicott, Harmony and Sherman; Thursday, that for Mina, French Creek, Clymer, Busti, Kiantone, Carroll, Perrysburgh, Dayton, Persia, Otto, East Otto, Ashford, Yorkshire, Freedom and Farmersville; on Friday, that for Machias, Lyndon, Franklinville, Ellicottville, Mansfield, New Albion, Leon, Conewango, Napoli, Little Valley, Great Valley, Humphrey, Ischua and Hinsdale; on Saturday, that for Portville, Olean, Allegany, Carrolton
